PLOTS TO KILL CZAR

Carefully Laid, but Frustrated by Vthe Police.

WOMAN IN ONE OF THE CASES

Selected to Execute Imperial Terroristic Act Her Courage Failed Her and She Took Poison—Woman Was Found in a Dying Condition.

St Petersburg, Nov. 20.—A well-dressed woman, about 18 years old, was found in a dying condition Tuesday at the station of the Tsarkoe-Elo railroad. She confessed to having been selected to execute an imperial terroristic act, but her courage failed her, she said, and she took poison.

The woman so far has not been identified.

Emperor Nicholas left Peterhoff for Tsarkoe-Selo intending to spend the winter there.

What was believed to be a carefully laid plot to assassinate the emperor was believed to have been frustrated by the vigilance of the roadway guards while the imperial party was on its way to Tsarkoe-Selo.

Early in the morning of Nov. 9, a guard discovered six men trying to cut the wire of a semaphore signal at Ligove station, at the junction of the railroads to Peterhoff and Tsarkoe-Selo. The guard made an attempt to arrest the men, but was fired on and wounded by the supposed terrorists, who made their escape.

FIGHTING TAX LEVIED.

Assessment Ordered to Oppose Anti-Boycott Injunction.

Norfolk, Va., Nov. 20—The American Federation of Labor, amid great enthusiasm, Monday adopted, without a dissenting vote, the raport of its special committee on tht anti-boycott Van Cleave-Buck Stove and Range company injunction suit, now pending in Washington, the report making provision for the immediate assessment of a 1 cent per capita tax on all affiliated organizations, international and local, to be used in fighting this suit, and as a general fund for defense against any other attacks by the Manufacturers' association.

The whole question of the defense of the Van Cleave suit was left to President Gompers and the executive council, who are given authority to make any other necessary changes and such expenditures as they may deem wise and expedient.

SNAPSHOT ARTIST CHASED.

Tried to Get Picture of Miss Vanderbilt's Fiance.

New York, Nov. 20.—Szechenyi, fiance of Miss Gladys Vanderbilt, and Munson Morris, a wealthy clubman, chased F. J. Perrett, a snapshot artist, for several blocks and then caused the photographer's arrest because he annoyed the count and a party of ladies by endeavoring to take flashlight pictures as the party was leaving the horse show. Later in court, Perrett told an interesting story of the difficulties of his profession and the chances he had to take. Magistrate Droege inflicted only a small fine, saying he did this in view of the camera man's frankness.

Was Mortally Wounded.

Gainesville, Fla., Nov. 20.—McQueen Chairs shot and mortally injured his cousin, Tom McQueen, at Oldtown, on the Suwanee river, Sunday. It is said that McQueen was advancing on Chairs with a gun, threatening to shoot. Both parties are members of one of the oldest families in LaFayette county and are prominent and extensive stockmen.

Tooth Pulling Proved Fatal.

Montgomery, Ala., Nov. 20—J. H. Blue, a white barber, is dead at his home, on Virginia avenue, as a result of having four teeth pulled. The extractions were made Sunday. He was predisposed to free bleeding, and the flow of blood could never be stopped. He died at noon Monday.

SEABOARD ADOPTS RATES.

Comer Wins Victory in Seaboard's Adoption of Georgia Rates.

Montgomery, Ala., Nov. 20.—Governor Comer has been notified that the Seaboard Air Line railroad and its subsidiary line, the Atlanta-Birmingham Air Line, will put into effect the legal rates of transportation fixed by the last legislature.

The passenger rate the road is allowed to charge is 2 3-4 cents a mile, a quarter of a cent higher than the Terrell rate in Georgia.

The freight rates are the same which have long obtained in Georgia the Georgia rate being the basis of the settlement.

This is another decisive victory for Governor Comer, who has insisted that Alabama should be treated as fairly by the railroads as Georgia. This was one of the strongest issues in his campaign for the office of railroad commissioner and later for governor. He insisted that on 110 specified articles of freight the rates and classifications were changed when the boundary line of Alabama was crossed. This he showed to be a disadvantage to Alabama.

The Georgia rates and classifications for this state were insured by legislative action. The Southern and Seaboard Air Line have finally agreed to put these rates into effect.

The agreement under which the Seaboard will withdraw all pending suits and put the rates into effect were made by L. Sevier, vice president of the road, with Governor Comer.

MERGER CASE TO BE TRIED.

To Test Validity of Purchase of Certain Railroads.

Columbia, S. C., Nov. 20.—Judge George Johnston, special judge in charge of the circuit court of civil cases states that the celebrated "merger" suit against the Southern railway would be tried at this term. There was some speculation as to this case coming up.

The "merger" suit was directed by the general assembly several years ago to test the validity of the purchase of the old South Carolina and Georgia road, between Columbia and Charleston, it being claimed that the Southern had bought up a parallel or competing line, which is forbidden by the constitution.

Several suits were filed for recovering the penalty, half of which goes to the plaintiff bringing a suit of this kind, and in order to settle it the legislature decided to have the validity of the purchase tested. It is a very interesting case and involves millions of dollars.

Attorney General Lyon is not in the city and therefore, could not be seen for a statement. Judge Johnston is presiding in place of Judge Oldrich, who is ill.

Wrestling Match at Denver.

Denver, Colo., Nov. 20.—"Farmer" Burns won the wrestling match from Michael Dwyer at the Denver Athletic club Monday night, the best two out of three falls. By winning the second fall, Cornish style in quicked time than Dwyer had won the first, Dwyer had the right to name the style of the third bout, and chose "catch as catch can." The last bout was won by Burns with a cross lock and half-Nelson in eight minutes flat.

Bounty on Cotton.

Baton Rouge, La., Nov. 20.—A bounty on cotton was Monday night proposed for consideration of the extra session of the Louisiana legislature in a resolution introduced in the house. The resolution provides that part of the big fees now paid tax collectors and which the present extra session was summoned to reduce, be set aside as bounty money. This bounty is to be paid at the rate of $5 per bale for cotton raised in the boll weevil affected sections of Louisiana.

Jenkins Is Made State Agent.

Columbia, S. C., Nov. 20.—Dr. D. N. Barrow, chief clerk for Dr. S. A. Knapp, in charge of the demonstrative work of the department of agriculture, has appointed J. M. Jenkins as state agent for South Carolina work. Mr. Jenkins is a Clemson graduate and a brother of the city editor of the Greenville News.

SIUATION IS BRIGHTER

Money Pinch Will Soon Be a Thing of Past,

SPEEDY RELIEF P REDICTED

Action of the Government to Lighten the Money Stringency Is Expected to Restore Equilibrium in the Financial World.

Washington, Nov. 20.—President Roosevelt was commended and congratulated on Monday on the wisdom and success of the financial relief measures launched by the administration.

Many telegrams from all parts of the country, including New York, Chicago and other large cities, have been arriving at the White House, and, after being read by the president, have been referred to the secretary of the treasury, Mr. Cortelyou. The callers at the White House have each added an opinion on the optimistic side of the situation.

The president was informed from Buffalo that his letter expressing confidence in the soundness of the country had been printed in several languages in Buffalo and distributed among depositors who were making a run on a bank there, with the effect of checking the run.

Bids for Treasury Certificates.

Before the business day of the treasury had ended many applications arrived for the new "certificates of indebtedness." The fiscal uses to which these certificates may be put will make the demand for them very general, according to the opinion of experts in the department. They may be registered in the treasury and partake of the nature of a government bond, and as such deposited as security for national bank circulation or deposits. When not registered, it is predicted they will amount to 12 1-2 cents a month, and a holder may easily obtain credit for the amount of interest he is entitled to at his bank. Assurance was given that the gold reserve of the government was behind these secrificates, and this fact, added to their interest bearing feature, will make them eagerly sought.

TO VIEW SUN'S ECLIPSE.

Party of Scientists Leave San Francisco for Flint Isle.

San Francisco, Nov. 20.—An expedition of scientists headed by Director W. W. Campbell, of Lick observatory will leave here Friday on the liner Mariposa for Flint Island, where they hope to observe the eclipse of the sun, January 3. The expedition, in which there will be twelve astronomers and other learned men, will travel on the Mariposa as far as Tahiti, where they will be met by the United States gunboat Annapolis, which will carry the party to Flint Isle.

The party will be left at Flint Isle and the Annapolis will call for them and land them at Papeete in time to take the Mariposa for home on January 13th.

Fire at Waynesboro, Ga.

Waynesboro, Ga., Nov. 20.—The Girard cotton oil mill burned to the ground early Sunday morning and created quite a considerable lot of excitement. The mills were valued between $20,000 and $25,000 and were insured for about $17,000. Girard is 25 miles from this city and the stock is owned mostly by the citizens of Girard and Burke county.

Pettibone Trial Reset.

Boise, Idaho, Nov. 20.—The trial of George A. Pettibone, for complicity in the killing of former Governor Steunenberg, has been reset by Judge Wood for November 25. If the Adams trial at Rathdrum is finished by that time there will be no further postponement.

Eight Hour Day System.

Mobile, Ala., Nov. 20.—The eight hour day system inaugurated by the Every shop granted the demand exed States went into effect Tuesday. Ever yshop granted the demand except two, and these are expectd to respond this week.

FAMOUS "BACK TAX CASE."

Georgia Loses in Litigation Before the Supreme Court of U. S.

Atlanta, Nov. 20.—Georgia has lost out in her famous "back tax case" before the supreme court of the United States, according to an Associated Press dispatch received in Atlanta Monday night.

This famous suit was brought by the comptroller general against the Georgia Railroad and Banking company and the Central of Georgia Railway company to collect taxes, since 1895, on 30,000 shares of stock owned in the Western Railway of Alabama, by these roads to the extent of 15,000 shares each.

The aggregate of taxes sued for was about $900,000, and in the event the state had won and collected these taxes, $300,000 would have gone for state taxes and $500,000 for city and county.

Richmond county and Agusta would have been the favored ones in the Georgia Railroad and Banking company case and Savannah and Chatham county in the Central of Georgia case.

This suit has been in some court for the past five years. It was first brought in the federal court before Judge Newman, and the decision went against the state; it was taken to the court of appeals and again the state lost, and on a certiorri carried to the supreme court of the United States, where the state won it. It was brought again into the state courts and carried through the supreme court of Georgia, where the state won it, to the United States supreme court, from whence the decision came.

STRUCK BY A TRAIN.

Fatal Injuries Received by Mrs. Smith of McDonough, Ga.

McDonough, Ga., Nov. 20.—Mrs. Elizabeth Smith, one of McDonough's oldest and most highly esteemed old ladies, was crossing the Southern railway at the Hampton street crossing, when she was struck by train No. 15, from Brunswick, and instantly killed. Mrs. Smith carried in her arms the little 15-months-old baby of her niece, Mrs. Ed Coker, and at first it was thought that the child had been fatally injured, too, but it later proved that it only received a severe shock, and in a few days it will be entirely well again.

Mrs. Smith had almost got across the tracks, and was struck on the right shoulder by the steam cylinder, the blow breaking the bones of the shoulder and lacerating the face to some extent. The engineer applied the emergency braks and attempted to stop the train when he saw her on the track, but the steep down grade rendered all his efforts in vain.

Met at Charleston.

Columbia, S. C., Nov. 20—The Southern States Association of Commissioners of Agricultural Workers began its annual three days' sesion here Tuesday. The outlook is for an excellent attendance of representative men from the entire south, from Virginia to Texas. The program includes many prominent agricultural workers, who are to discuss live subjects. United States Assistant Secretary of Agricultural Hays, of Washington, is to address the association.

Inland Waterway Convention.

Philadelphia, Pa., Nov. 20.—Delegates from seventeen states met in convention here Tuesday to further the project for an inland waterway along the Atlantic coast from Massachusetts to North Carolina. Much of the route of the waterway already exists and it is proposed that the channels of the canals, rivers, bays, etc. that are to be a part of the great water course be deepened and widened so as to permit the passage of the largest warships.

Atlanta Woman Burned to Death.

Atlanta, Nov. 20.—While burning a pile of scrap paper in her yard at 77 Hampton street, late Monday afternoon, Mrs. Essie Boyle, wife of Issaac Boyle, a printer, had her clothing ignited and before her husband, who was nearby, could extinguish the flames, was so badly burned that she died shortly after midnight. In going to the assistance of his wife, Mr. Boyle had both his hands severely burned.

WEDNESDAY BIG DAY FOR WOMAN'S CLUBS

The Exercises Were of a High Order, and Very Enjoyable.

MRS. RAYNOR IS IN CHARGE

President of Florida Federation of Woman's Clubs Announced Session Open and Ready for Business—Much Business Transacted During Day.

The opening exercises of the Federation began at 10 o'clock Wednesday morning in the Assembly-room of the Elks' Home. Mrs. J. W. Tench, president of the Gainesville Club, delivered a brief and warm address of welcome, which was happily and beautifully responded to by Mrs. Arthur G. Cummer of Jacksonville, in the place of First Vice-President, Mrs. T. M. Shackleford, who is unavoidably absent.

Prayer was offered by Rev. Dr. Thos. P. Hay. After the report of the Credential Committee and the roll-call on general officers, chairmen and delegates, President Raynor formerly declared the convention open for business.

The reception tendered the Federation by the Gainesville Twentieth Century Crub on Wednesday afternoon was largely attended and very enjoyable. An account of this and some of the addresses made will be given in a later issue of The Sun.

Following is a list of officers and delegates in attendance, together with the places at which they are being entertained:

Mrs. Clara W. Raynor, president, Daytona, with Mrs. E. E. Cannon; Mrs. C. J. Huber, second vice-president, Tampa, White House; Mrs. C. B. Farrell, State correspondent, Live Oak, Mrs. F. H. Beta Deltas Entertain.

The Beta Deltas entertained a few friends delightfully in the apartments of Messrs Corbett, M. Morton, Albertson, Bouis and C. Morton, at the University, yesterday afternoon. The rooms were especially attractive and much admired by all.

Mrs. Swanson made a charming chaperon.

Delightful refreshments, consisting of fruits and bonbons, were served.

The Beta Deltas were voted the finest fellows in the University.

Card of Thanks.

Mrs. Henry C. Denton and family and Mrs. Rachel Haile ask the courtesy of The Sun as a medium of expressing to their many friends their hearty appreciation of the sympathy shown them in their affliction, and their thanks to the persons and organizations who sent so many and such beautiful flowers.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages ambition, makes one irritable, nervous and despondent, when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

STROBHAR CASE WILL END TODAY

This Famous Case H s Occ pied Entire Week So Far.

ARGUMENT BEGAN WEDNESDAY

At the Opening of the Court Today Frank Clark, State Attorney Rivers and Attorney Robt. W. Davis Will Speak, Then Case Goes to Jury.

Ere the shades of night shall fall on this day, the fate of J. N. Strobhar, who has been on trial in the circuit court for the past three days upon a charge of embezzlement, will be known. The entire week so far has been occupied in this famous case, which has been for two years in the courts, but the end is near, for Wednesday afternoon the argument of counsel was taken up, the testimony having been concluded in the forenoon.

The defense introduced no evidence, which gives the right of the closing argument.

The court-room was fairly well crowded in the afternoon, as it was announced that the argument would begin. In the audience were a number of ladies, and all present seemed deeply interested in the remarks of the attorneys, both for the State and defense.

The argument was opened by Judge Syd L. Carter for the prosecution, who spoke for thirty minutes in his usual eloquent vein. Judge Carter was followed by Attorney B. A. Thrasher for the defense, who occupied the time of the court for forty minutes, after which Attorney R. A. Burford of Ocala, representing the prosecution, presented his views in the case, when court adjourned until 9 o'clock this morning.

The opening address will be made this morning by Congressman Frank Clark, for the defense. Col. Clark will be followed by State Attorney J. M. Rivers, which will leave the closing argument for the defense to Hon. Robt. W. Davis.

A great deal of interest is being manifested in this case, and the outcome is a matter of considerable speculation.

THE BICYCLE NUISANCE.

Ladies Compelled to Give Way on Sidewalks to Rider of a Wheel.

Notwithstanding that the authorities have been lenient with riders of wheels who use the sidewalks, bull-headed riders will take advantage of pedestrians, regardless of whether they are men or women.

The reporter of The Sun noted yesterday where a burly white boy about seventeen years of age, who had not the slightest degree of politeness, compelled two ladies on North Pleasant street, on a narrow sidewalk, to either get into the street or subject themselves to a possible collision, which might cause danger.

Had this been a small lad the circumstances might have been excusable; but it was a burly youngster who had more nerve than politeness, discretion or brains, and just the kind who keep continually the people who have the right to the sidewalks in danger. This upstart of a piece of humanity—a white boy—absolutely forced these ladies to get out of the way, and when reprimanded only smiled, paying no further attention to them.

RHEUMATISM CAN NOT BE RUBBED AWAY

Rubbing with liniments, blistering the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism, but such remedies do not reach the CAUSE of the disease, and are therefore in no sense cures. Rheumatism is due to an excess of uric acid in the blood, brought about by indigestion, poor bowel action, weak kidneys, and a general sluggish condition of the system. The circulation deposits this irritating poison in the joints, muscles, nerves, tissues and joints of the body, and soon the painful symptoms of Rheumatism are produced. The pains at first may be wandering and slight, but as the blood becomes more fully saturated with the uric acid poison the disease grows worse and after awhile gets to be chronic. The slight wandering pains now become sharp and cutting at the least exposure to damp or night air, or any constitutional irregularity, the bones ache, the muscles are not as free in action as before, and where the acid poison is allowed to remain in the blood the joints often become so clogged with corrosive substances that they are left permanently stiff and useless. Rheumatism can never be rubbed away, nor can it be conquered and driven from the system until the acid-laden blood has been cleansed and purified. No other medicine does this so effectually as S. S. S. It dissolves and removes the impurities and sends a stream of rich, strong blood to the affected parts, which soothes the irritated nerves, inflamed muscles and flesh, and the sufferer obtains relief that is permanent because the real cause of the disease has been removed. Special book on Rheumatism and any medical advice desired free.

THANKSGIVING SOCIAL.

The Young People of Baptist Church Entertained in North Gainesville.

In compliance with a general invitation to all members of the B. Y. P. U. Seniors, a large crowd gathered at the home of Mr. and Mrs. L. W. Jackson, North Gainesville, Tuesday night, to attend an old-time Thanksgiving social, tendered by the clever host and hostess to the young people of the Baptist church who were members of the Union.

The members met at the church, and at half-past 7 o'clock left for the home of Mr. and Mrs. Jackson, which they invaded a half-hour later. They were expected, however, and the remainder of the evening was passed in a most enjoyable manner.

Those present are under many obligations to Mr. and Mrs. Jackson for the pleasures of the evening.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

BIG CONVENTION TO BE HELD HERE

Florida State Federation of Labor to Meet in Gainesville.

CALL FROM PRESIDENT MORITZ

The President Officially Notifies Various Labor Unions Throughout the State of Meeting, With Particulars Regarding Same.

The following order has been issued through The Central Union Times, the labor organization journal of Jacksonville, regarding the eighth annual convention of the Florida State Federation of Labor, which embraces labor unions of every trade and profession in the State, which will be held in Gainesville in January:

"To Organized Labor of Florida, Greeting:

"Pursuant to the constitution of the Florida State Federation of Labor, you are hereby advised that the Eighth Annual Convention of the Florida State Federation of Labor will be held in the city of Gainesville, beginning at noon on the third Tuesday in January, 1908, and continuing in session from day to day until the business of the convention has been completed.

Representation.

"The basis of representation in the convention shall be: Locals having 100 members or less shall be entitled to one delegate, and for each additional 100 or majority fraction thereof, one delegate, and from central bodies three delegates. The delegates shall be elected at least thirty days previous to the annual convention, and the names of such delegates shall be forwarded to the secretary-treasurer at the earliest possible moment thereafter.

"To entitle local unions and central bodies to representation in the convention, they must be in possession of a receipt from the S. T. showing the payment of per capita tax at least one year previous to the convention. Provided, however, that local unions or central bodies not organized prior to the last convention shall be entitled to representation upon payment of two months' per capita tax.

"Delegates shall be elected by their unions to serve one year. In no case shall a delegate be allowed more than one vote. They must deposit their credentials with the S. T. before being admitted to seats. All credentials shall state full name and address of the secretary of the union, and be signed by the president and secretary and bearing the seal of the local union. If these provisions are not complied with the credentials shall be returned by the S. T. of the State Federation of Labor to the organization issuing said credentials.

"Credentials in duplicate are forwarded to all unions. The original should be given to the delegate-elect and the duplicate forwarded at once to the secretary-treasurer of the Federation. The importance of our organizations and of the movement, the duty of the hour and for the future, demand that every organization entitled to representation shall send its full quota of delegates to this convention in January 21st, 1908. Do not allow favoritism to influence you in selecting your delegates. Be fully represented by the ablest men that you have, by the most faithful and experienced members of your union.

"Feeling that every labor organization in Florida will feel the necessity of making this the most successful convention in the history of the organization, and that it may result in much good to the wage earners of Florida, I beg to remain, fraternally,

MAX. P. MORITZ, President.
A. ROBERTS, Secretary-Treasuer.

"Be sure and forward your credentials to Secretary J. A. Roberts, Box 48, Ybor City, Fla., at once.

"This convention will be one of the largest the city has ever witnessed, as many that have been held in Tampa more than three hundred delegates were present from every section of Florida, representing every branch of profession. The last convention was held in Tampa, and lasted three days."

MELROSE HAPPENINGS.

Melrose, Nov. 20.—Quite an influx of winter visitors came in during the past week. Registered at the Huffman House are Mrs. J. Lairiar, Mr. B. E. Lairiar and Mrs. J. Higgins, all of East Orange, N. J.; also Dr. and Mrs. J. P. Paxton, Paterson, N. J. The Hamlyn cottage on Quail street is occupied by Mrs. Greenwood, Miss A. H. Hunter and Mr. S. B. Doolittle of Middletown, Conn.

The many friends of Rad Yearwood will be sorry to hear that he is laid up with fever. Mrs. Yearwood left for Gainesville Saturday.

L. McLeod of Colee was a visitor in town during the week.

W. H. Lee and party have arrived from Jacksonville, where they went to superintend the loading of L. M. Pearsall's launch for transportation to Waldo.

News was received a few days ago of the death on November 19 of Mrs. S. L. Rose-Wood at Westmoreland, N. J.

A moving picture show was in town Saturday, drawing a good house.

A musicale will be given at the Huffman House on November 22, at 7:30 p. m. The admission fee of 10 cents will go towards paying for the tuning of the school piano. All are cordially invited to attend.

MISHAP AND REWARD.

(Contributed.)

A little boy went out one day
With his wagon for to play.
His mother said: "Now, Johnny dear,
Around the house stay very near."
But straight to the river he did go
And when near the brink he stubbed his toe
And with his wagon far below
Into the water he did go.

A fisherman was standing by
And unto him he did cry
"Help me out or I shall die."
The fisherman said: "I will try."
And when he got him out and dry
The boy went home and got some pie.

POURNELLE HAD 'EM SKINNED.

Beats the Record of the Cummer Man With a Smaller Capacity.

Fort White, Nov. 20.—Editor Sun: I noticed last week in The Sun where Mr. N. J. Lewis, master mechanic for the Cummer Phosphate Company, mined 108 tons of phosphate rock in eleven hours with an eight-inch pump.

This is extraordinary good work, but I can boast of a better record with a six-inch pump. I am with the Fort White Hard Rock Company here, and I mined 112 tons rock in ten hours with a six-inch pump.

We have the only hydraulic plant in this county and we use two six-inch pumps, and supply these pumps with water from only one Worthington pump 18x14, with six-inch discharge. We are pumping now about 250 feet up an eighty-foot incline. Respectfully, P. E. POURNELLE.

(Note)—A representative of the Cummer Lumber Company writes The Sun under date of Nov. 18, that the information published by this paper under the caption, "News from Mining Section," referred to in above communication, which was sent in by a correspondent, must have been "an error or a joke."

The Sun does not know whether the statement by this correspondent was a fact, "an error, or a joke;" but it does not know that the communication was received and credited with the truth. The Sun is in the habit of publishing all communications of this character where the name of the author is signed, because it shows a credit to "the man at the pump," to use the expression. If it was "an error or a joke," it is certainly up to the fellow who sent it in, as this paper usually regards its correspondence as truthful assertions.

FROM THE PINE WOODS.

Hyomei's Aromatic Air is Guaranteed to Cure Catarrh or Cost Nothing.

When using the Hyomei treatment, the air you breathe is like that on the mountains high above sea level where the pine woods fill the air with aromatic healing that gives health and strength to those suffering from diseases of the respiratory organs. Breadth through the neat pocket inhaler that comes with every outfit, the healing balsams of Hyomei reach the most remote air cells of the throat, nose and lungs, destroying all catarrhal germs and giving quick relief and cure.

Hyomei has performed almost miraculous cures of catarrh, often restoring health in chronic cases that had given up all hope of recovery. Its best action is at the start of the disease, when the breath is becoming offensive and when discharges from the nose, droppings in the throat and frequent sneezing or spasmodic coughing begin to make life a burden. At the first symptoms of catarrhal trouble, use Hyomei and see how quickly you get relief and cure.

The complete outfit costs but $1 and is sold by J. W. McCollum & Co. under guarantee to refund the money if it does not give satisfaction.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. W. Johnson.

PROF. SMITH WILL TALK TO FARMERS

Expert from U. S. Government Will Tell All About the Soils.

WILL BE HERE NEXT SATURDAY

This Expert Will Make Addresses in Several Important Points in the Second Congressional District, Which Will Prove Beneficial to Farmers.

Hon. Frank Clark, Congressman of the Second District of Florida, is always awake to the interests of his district and his people, and is continually doing something which he believes will prove of interest and benefit to his constituents.

It was through Congressman Clark's efforts that the geological survey of Florida was authorized, and at the present time the force from Washington is now engaged in the work.

Congressman Clark's latest efforts have been to secure a lecturer to come to Florida from the National headquarters to talk to the people on soils, and in this he has also been successful, as the Government has consented to send Hon. W. G. Smith, of the Bureau of Soils, Department of Agriculture, a man who is well versed in this matter, to address the people of Florida.

Prof. Smith will deliver his first address in Gainesville on next Saturday afternoon, the 23d inst., at 2 o'clock in the afternoon. This hour has been set in order that as many of the country people who can remain over can hear him. His lecture, while interesting to all, is especially beneficial to the country people, who are tillers of the soil, and it is hoped that a good crowd will be present to hear him and profit by his suggestions.

From Gainesville Prof. Smith's itinerary will be as follows: Live Oak, Monday, November 25; Lake City, Tuesday, November 26; Jasper, Wednesday, November 27; Starke, Thursday, November 28; DeLand, Friday, November 29; Orlando, Saturday, November 30.

The public is cordially invited to all these meetings, and the farmers are especially urged to attend.

Marriage in Alachua.

S. F. Weeks, for some time connected with the firm of Weeks Bros., marketmen, this city, later of High Springs, where he was employed as a machinist by the Atlantic Coast Line railroad, but now of Sanford, where he is in the same capacity, was married Wednesday morning to Miss Florence Collins, a charming young lady of that town.

Mr. Weeks was formerly well known here. He is a young man of excellent character, full of ambition and energy, and is quite a favorite with the corporation by which he is employed.

Mr. and Mrs. Weeks passed through the city Wednesday en route to Sanford, their future home. The Sun, with other friends of this section, wishes them much happiness.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

CAPTAIN KELLEY IS DEAD.

Old and Highly Respected Citizen Passed Away in Luray, S. C.

A telegram was received in this city last night from Dr. J. L. Kelley, announcing the death of his father, Captain George W. Kelley, which sad event occurred at the home of his daughter, Mrs. C. H. Johnson, Luray, S. C., Wednesday.

Deceased was eighty years of age, and was one of the oldest and most widely known residents of Alachua county. He was born in Georgia, but about twenty years ago removed to this section, settling at Windsor. He has been very active in the development of the county, and was noted for his ambition and energy.

Deceased is survived by four sons, Dr. J. L. Kelley of this city, Dr. Thomas Kelley of Gibson, Ga., A. R. Kelley of Citronelle, and L. W. Kelley of Windsor, and two daughters, Mesdames Coy Johnson of Seminole, S. C., and C. H. Johnson of Luray, S. C., to whom the sympathy of the community is extended.

The remains will be brought to Windsor, where the interment will be held in the family burying-ground.

Cotton Association Meeting.

Cadillac, Nov. 20.—The Sea Island Cotton Association of Alachua had a very enthusiastic meeting Saturday, November 16, at which Col. Jno. B. Dell occupied the president's chair. President Dell is a faithful and energetic worker, and will make a good leader and the association will accomplish great results if the farmers of Alachua will put their shoulder to the wheel and push for better prices for their cotton.

So let one and all attend the meeting, November 30, 10 a. m., at the Williams Company store, and work together to get more for your labor than you can get at the present price of cotton.

F. Y. Smith Buys Dog.

Attorney Furman Y. Smith of Alachua, who is an enthusiastic sportsman and hunter, has secured by purchase from J. A. Goodwin of this city a fine dog, Count, of which he is very proud.

Attorney Smith took the dog home with him in a buggy, and proposes to try him immediately in the fields. The dog is two years old, and said to be one of the finest ever bred in this section of the country.

"IN GOD WE TRUST."

New York Ministers Demand Motto's Retention on Gold Coins.

New York, Nov. 20—A resolution petitioning the national government to retain the motto, "In God We Trust," on gold coins, was adopted Monday by the members of the Presbyterian Ministers' association of this city.

This association, which includes in its membership Presbyterian, Reformed, United and Reformed Presbyterian and Reformed Episcopal ministers, had the resolution under consideration last Monday. It was decided not to take any final action at that time, some of the delegates taking the ground that it would be forcing the church into politics.

When the matter was brought up again, however, it was decided to put the question to a vote. After a heated debate the vote was taken and the resolution was adopted.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

Two Killed in Collision.

Harrison, Miss., Nov. 20.—Two freight engines and twenty box cars piled in a heap, killing two trainmen in a head-on collision of freight trains which occurred on the Illinois Central railroad near here Monday. The dead are John Farr, engineer, and Mitchell Collins, negro brakeman. A telegraph operator, who is wanted to explain why orders were mixed, is said to have disappeared immediately after the accident.

Funeral of Brother Caused Death.

Atlantic City, N. J., Nov. 20.—Mrs. Rose Wallis, of Washington, D. C., sister of the late Chief of Police Maxwell, died Sunday just prior to the funeral service of the dead chief. The shock was a trying one on the widow, who almost collapsed, and is on the verge of nervous prostration. Mrs. Wallis was seized with a hemorrhage and died in twenty minutes.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn-out and all run-down. Burdock Blood Bitters made me a well woman."—Mrs. Chas. Freitoy, Mooseup, Conn.

Something seems to have gotten tangled with the Taft boom.

The Caleb Powers trial is playing another farewell tour in Kentucky.

A "conservative" Roosevelt seems almost as unlucky as a "talkless" Roosevelt.

We trust Mr. Taft will be able to get home before his boom is entirely dissipated.

Of course money talks, as it always has—only it is inclined to use the long-distance 'phone a good deal right now.

The meanest reason given yet for leaving the time-honored motto off the new $10 gold piece was that the President was jealous.

We do not know what Uncle Sam's people would do were it not for the money of the malefactors and the advice of newspapers in emergencies.

Some people are "too blamed sensitive" about battleships and Fighting Bobs. There are others on the shores of the Pacific besides the Japanese.

Will the running down and cutting in two by a steamship of a whale off Cape Hatteras figure as a slump in Standard Oil or a cut in whalebone?

So rather than alarm Europe, our banks are cancelling gold engagements! That's all right, for what we really need is a few millions of sterling confidence.

If those airships, as proposed, play at war and drop shells into our assembled forts, perhaps we shall learn from the results what is high-tide in its expansions.

[illegible] we may, we cannot determine whether it is 42,000 widows weighing 142 pounds, or 142 widows weighing 42,000 pounds, that The Boston Post is talking about.

When the President comes to award the "good trust" medals and give the [illegible] the Big Stick swat, he will probably do it on the same old principle. Our'n is good and your'n is [illegible].

Now that the prohibition movement has assumed such magnitude that it is [illegible] the politicians the real and honest workers in that [illegible] will take counsel with [illegible].

[illegible] finds that there are no [illegible],000 microbes on the [illegible] bill. This does not [illegible] that there are 200,000 [illegible] average hundred-dollar bill. [illegible] does not have the opportunity [illegible] to [illegible] microbes by extension [illegible] that the former does.

[illegible] Wall Street plunger, J. [illegible], who has just been discovered possessed of a fortune [illegible] at $3,000,000, made quietly [illegible] dear side of the market, and [illegible] years ago was only a marker [illegible] broker's office, gives this [illegible] to the boys as he withdraws [illegible] Street to enjoy his fortune: "I don't gamble!"

IS HE AVAILABLE?

The Chicago Tribune, just before election, made the interesting remark: "In the event of the Hon. Tom Johnson's re-election as mayor of Cleveland he will be a formidable rival of Mr. Bryan for the position of Good Western Man next year—and Mr. Bryan will enjoy the exhilarating consciousness of having helped to elect him." As the Democrats are naturally looking for the most available candidate who can carry some doubtful or heretofore Republican States, Tom Johnson is certain to be considered. We all love Mr. Bryan for the "enemies he has made," but the good of the country demands that Democratic policies supplant Republican centralization and financial and economic heresies, which can only be accomplished by winning the coming National election. The whole question of the nomination rests on availability to carry enough States to win.

THEN AND NOW.

Mr. Roosevelt's "unparalled strength with the people," as blithely set forth by Tim Woodruff as the reason for the scant Republican majority in Brooklyn, hardly seems to agree with the instructions issued to the Republican speakers. Two weeks before election the head of the speaker's bureau, according to The New York Post, cautioned his spell-binders "against even mentioning Roosevelt's name; (1) in districts where there were any negroes, (2) in districts where there were any residents with money, (3) in any districts at all." But then Tim Woodruff has an ax to grind by giving credit to the "people's peerless President," for does he not expect, and it is said has been promised, to succeed Platt in the United States Senate by hanging on to the Roosevelt coat-tails?

The square attitude of some Wall Street banks toward withdrawals of currency merely for "a quick turn" was shown Tuesday when a depositor told his bank he wished to withdraw $5,000 of his deposit. When asked why, he frankly stated he proposed to get a bonus of two or three per cent for the currency. "Well," said the banker, "we can't give you the currency anyway, but as you're entitled to it we will credit you with two and a half per cent for the retention of it."

The Republican National Committee has been called to meet in Washington December 6th, to select the city and date for the Republican National Convention. As the convention will probably not meet until about midsummer, there are a good many anxious months ahead for the patriots who rely upon subsidies, stratagem and spoils.

The fellow arrested in Pittsburg for forgery, who had on his person memoranda regarding evident attempts to swindle in Wall Street, had his note against J. Pierpont Morgan's name: "Too cold; couldn't touch him." It's the Morgan frost for such as this one that has saved the financial situation more than once.

King Edward did not create any new peers on his birthday this year. Doubtless this is quite a disappointment to a number of Liberal statesmen lately thundering against the lords, but secretly hoping to get in among them.

The new ten-dollar gold coins just issued do not exhibit the old motto, "In God We Trust." Apparently the Republican party now trust in Teddy.

Mr. Roosevelt did not refer in his election statement to Mr. Burton's defeat in Cleveland. Perhaps he left that for Secretary Taft to explain.

APPEAL FOR "THE BREAD LINE."

The Bowery Mission "Bread Line," at which 1,000 men who are out in the streets for the night are given a breakfast of hot coffee and rolls every morning at 1 o'clock, is one of the most pathetic sights in all the wide, wide world. Long before the hour of opening, these poor, starving men stand in a single line that sometimes extends for blocks in length, waiting for the coffee and rolls. During the last winter, this breakfast was given to a total of 144,000 homeless men and boys, and up to date nearly half a million of the homeless have had their weary tramp restfully interrupted by this unique ministration. The first of these breakfasts is given on Thanksgiving morning, and the last on the following Easter morning. Altogether the Mission supplied, this year, over 233,000 meals and 10,072 lodgings to homeless men and boys.

It is for this grand, philanthropic work that we ask your kind and practical co-operation. The homeless, friendless, disheartened and despairing men and boys of the Bowery are not native New Yorkers, but men and boys who, until within a year, lived happily at the old homestead with father and mother, and perhaps wife. They are stranded here, and in despair appeal to the Old Bowery Mission, which, for over thirty years, has been to the unfortunate, as the rescue cities of old, a haven of encouragement, rest and protection. Shall we turn them away? It rests with the good people of this country to decide this question, and may God graciously help you to decide it aright.—John C. Earle, Financial Secretary, 92 Bible House, New York City.

"How would it do for Roosevelt to resign?" asks The Nashville American. Well, it wouldn't injure the health of Senator Foraker or aggravate the disposition of Dr. Long to any great extent.

PRIZED PAPER MONEY

Rare Issues That Even Trained Experts Seldom See.

OLD RED GOLD CERTIFICATES.

They Were the First Ones Issued and Seldom Got Into Circulation—National Bank Notes of 1865 That Puzzled Financial Institutions.

"It is a curious fact that not one man out of ten can tell you the design on any one of the current United States bank notes," said a collector of paper money. "Of course I don't refer to the notes of high denomination. I mean everyday, common bank notes of low denomination, and I do not bar in this statement many employees in banks.

"They handle money in a mechanical way, and I'll venture that many of them would be stumped if you were to ask them to give you a detailed description of a dollar bill. They would instantly recognize it when it came to hand, but each man trusts more to a general impression of what constitutes the outlines of a certain note than he realizes. There was a very clear illustration of the truth of my statement the other day in Indiana.

"In the vaults of a bank at Rochester, Ind., there had lain for a number of years a package of five dollar national bank notes just as it had come from the treasury department. These bills all bore the name of the bank and were of the first issue of national bank notes. It will be remembered that the issue of 1865 showed a fine engraving of a historical character on the reverse of each denomination, the five dollar bills bearing on the back a representation of the landing of Columbus, on the obverse being an Englishman presenting an Indian maiden to three women, emblematic of Europe, Asia and Africa.

"A good many of these new bills were paid out, and not long afterward telegrams, letters and even personal calls began to pour into the bank warning the officials to be on their guard—that a most clever and absolutely undetectable counterfeit of their notes was out, and the only way the fact had been discovered was owing to the difference between this and the present designs of national bank notes. The incident went to show how little the average business man is acquainted with paper money, for if there was one note that a counterfeiter could not duplicate with success it was the fresh, flat national bank note of the series mentioned.

"The cashier of the bank, however, curious to see for himself whether bank employees really were suspicious of the notes, took a trip to Chicago and made several attempts to pass the unfamiliar bills across the counters of some of the banks, but without success, the notes being refused in every case.

"The same thing happened in St. Louis when some one brought into a downtown bank a hundred dollar note with a red back. Now, the bank employees knew of the old fractional currency notes of small denominations with red backs, such as the five, ten, twenty-five and fifty cent pieces of paper, but this bill of large denomination with the glaring red reverse puzzled them.

"Yet it was a perfectly good issue, being a specimen of the first gold certificates, which made their appearance some time in 1865 or 1866. The law authorizing their issue, as a matter of fact, was passed March 3, 1863, at the same time the law was passed authorizing the fractional notes which appeared with red backs. The red backed gold certificates were of the denominations of $20, $100, $500, $1,000, $5,000 and $10,000 and had been used mostly for clearing house purposes and consequently seldom got into circulation.

"I lost no time in acquiring the bill and now regard it as one of the greatest rarities in my collection and do not believe it could be duplicated.

"I have one note that would puzzle the average business man or banker either, for that matter. It is a specimen of the three year interest bearing notes of July 17, 1861. While this one is for only $5, still other denominations were $100, $500, $1,000 and $5,000. They were engraved only on one side, the other being mostly in white, allowing a space for indorsement.

"All these notes were made payable to order and bore interest at the rate of 7.3 per cent. They were known in former days as seven-thirty notes, bearing five coupons for each six months' interest, the last six months' interest being payable upon the presentation and redemption of the note.

"These notes were but a trifle larger than the ordinary bank note and were convertible into twenty year 6 per cent bonds. The fifty dollar note showed the American eagle on a rock as the principal device, the $100 bore the portrait of General Winfield Scott, the $500 that of Washington, the $1,000 Salmon P. Chase, while the $5,000 represented an Indian girl, with bow, leaning on a shield, an eagle near by and Justice at the left hand.

"In 1864 congress authorized a new issue of 7.3 per cent notes, but none was issued. In their stead came compound interest notes at 6 per cent, compounded semiannually, this really being less than the authorized interest. Many of these bills were used as general currency, and yet not one bank employee out of a hundred would know anything about them. On the back of the bill was a table showing the value of the bill every six months, the principal and interest being payable only at maturity, but the notes were always increasing in value. These also are regarded as rare by collectors.

"I have one ten dollar bill bearing 4 per cent interest from Feb. 26, 1879. I suppose I would have a lot of trouble in passing that bill if I should need to and maybe would not get more than $10 for it, and yet it is worth just exactly $21, not to say anything of its value to me as a collector.

"Of the bills made payable to order there were originally issued $58,500 worth, and the total amount converted was $58,430, leaving $70 outstanding, and this ten dollar bill of mine represents one-seventh of this remainder. Of the notes made payable to bearer out of a total of $39,951,250 originally issued there is now left to be redeemed only $26,210, and the probability is that many of these notes have been destroyed.

"The bills were intended to interest poor persons in the purchase of government bonds, which accounts for the low denomination, but very few of them fell into such hands. They are now of extreme rarity and are held at a high premium."—St. Louis Republic.

BRITISH BARONETS.

Those of England and Ireland Wear the "Bloody Hand of Ulster."

The rank of baronet was given first by King James I. as a means of raising money. The recipients of the dignity were to be gentlemen of good birth possessing not less than £1,000 a year and in time of war—like the old knights banneret—were to occupy posts of honor near the royal standard.

The money payment has wholly ceased, but when a baronet is created the ancient form of warrant is still retained, and a "tally" is struck at the exchequer and handed to the new baronet by way of receipt. Baronets have no coronet or robes, but in the English and Irish divisions they possess as a distinctive badge the "Bloody Hand of Ulster," which invariably appears on their coat of arms.

The baronets "of Nova Scotia," who date before the union of England and Scotland, show the arms of Nova Scotia upon their shields. The baronets of Scotland have a distinctive badge consisting of an enameled decoration, "worn from the neck by an orange tawny ribbon," showing St. Andrew's cross upon a small shield, surmounted by a crown and surrounded by the enameled motto, "Fax mentis honestae gloria" ("Glory, the beacon light of the noble mind").

With this King Charles conferred a crest—a branch of laurel held by a naked hand and a thistle held by an armed one—with the added motto, "Munit haec, altera vincit" ("One defends, the other conquers"). All later baronets are of the "United Kingdom" or of "Great Britain" and possess no such pretty toys.

In fact, many people who pride themselves on their familiarity with Debrett know scarcely anything of baronets' badges and beyond a misty notion of the meaning of the Ulster Hand are unaware of their history and significance.

There is one instance of the honor being granted to a woman. Dame Mary Bolles of Osberton, Nottinghamshire, was created a baronet in 1635 for "maintaining thirty foot soldiers at eightpence a day for three years in his majesty's service," no slight help in those troublous times.

"Dame," the old English word for lady, is the almost obsolete style to be used by a baronet's wife. Nowadays she is styled "lady" without the use of her christian name. Should she prefer the good word "dame," that is always followed by the christian name and sounds deliciously quaint and distinctive.—Modern Society.

Reassured.

"Say, pa won't you buy me a drum?"

"No! I'm afraid you'd disturb me with the noise."

"No, I won't, pa. I'll only drum when you're asleep."—Life.

Not His Class.

"In what walk of life is your friend?"

"I shouldn't say he was in any. He is a chauffeur."—Baltimore American.

EARTHQUAKE SHOCK.

People Thrown in Panic in Province of Reggio di Calabria.

Reggio di Calabria, Italy, Nov. 19.—The province of Reggio di Calabria, Italy, was visited by another severe earthquake at 2:20 o'clock Monday afternoon. It was especially severe at Branca Leon, Feruzzano and Blanco, and a number of houses were shattered or damaged.

The people, who had summoned up courage to return to their houses after the earthquake of Oct. 27, again became panic-stricken... and fled a second time to the country districts. Some of them are camped in the open air, while other have taken refuge in subterranean grottoes.

Men and women, rich and poor, priests and soldiers, are thrown together, and the devout are raising prayers to the Madonna and the saints to help them in their misery. The gravity of the situation is increased by the inclemency of the weather.

A second violent shock was experienced in this town at 3 o'clock Tuesday afternoon. The people were thrown into a state foconsternation thrown into a state of consternation, which was added to by the stories of further damage at Feruzano. Assistance has been sent to this place.

CASE APPROACHES CLIMAX.

Mrs. Annie Bradley Takes the Witness Stand in Her Own Behalf.

Washington, Nov. 20.—Mrs. Annie M. Bradley, on trial for the killing of former Senator Brown, of Utah, took the witness stand Tuesday in her own behalf, and her assumption of that position marked the climax of the already famous case.

The fact that her story was to be told under oath had become generally known, and, the court room, of limited capacity at best, was crowded long before the incoming of the court. In addition to the crowd of "regulars" in attendance, there were many whose faces are unfamiliar in the court, and these included a much larger percentage of members of Mrs. Bradley's own sex than has heretofore been seen there. Much interest was manifested when the prisoner entered the court room a few minutes after 10 o'clock. She was much agitated and seemed almost devoid of courage and strength, as she took her customary seat.

Embezzler Is Sentenced.

Providence, R. I., Nov. 20.—Levi C. Lincoln, president of the Woonsocket Electric Light and Power Co., who had confessed to the embezzlement of funds, was sentenced in the superior court on two charges, to serve a term of two years' imprisonment on each charge. Mr. Lincoln was charged with the embezzlement of $4,000 on Oct. 13, 1906, and again on May 1, 1906, of $5,000. Mr. Lincoln for years had been a leading citizen.

Illness of Premier.

London, Nov. 20—Sir Thomas Barlow, physician to King Edward's household, made an examination of the premier, Sir Henry Campbell-Bannerman, at Downing street this morning, and an official announcement was subsequently issued to the effect that the premier's condition was satisfactory, but in view of the approaching session of parliament it is necessary that he should have some weeks of complete rest and rest. The premier, therefore, is going abroad.

Police Search for Man.

New York, Nov. 20.—Chicago detectives are searching for Dr. Fred J. Peck, a millionaire of Honduras who is said to have disappeared while in Chicago. Dr. Peck was on his way from California to Morgantown, W. Va., to visit his father, and laid over in Chicago on business. His family has not heard of him since.

After Canadian Bills.

New York, Nov. 20.—Canada enjoyed the preference of its bank bills over those in the United States, as financial companies doing business there remit their net balances to the United States in bank drafts. Now, however, the companies have decided word to remit in currency as there is trouble in getting for the drafts in New York. United States manufacturers with Canadian connections are also affected.

Revenue of Ocean Liners.

London, Nov. 20.—The Liverpool Courier in an article regarding the expenditure and revenue of the steamers Lusitania and Mauretania figures that a single voyage of each steamer yields a profit of about $66,000. The expenditures are estimated to be $89,000, thus giving these big steamers an income of $155,850 per trip.

HOW BONNER WON SUCCESS

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jogging along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

Large space in this paper is one of the best investments a merchant can make.

Effort to Break Strike.

Chicago, Nov. 20.—Louisville, Ky., has drawn on Chicago for non union help to operate street car lines. E. L. Reed, manager of the Employers' Protective Bureau, left for Louisville accompanied by 100 non-union men who are able to operate street cars. These men will be put to work in an effort to break the strike declared by the Amalgamated association of Street Car Railway Employes against the street car company of Louisville.

TRAINS MET HEAD-ON.

Came Together in a Dense Fog—Engineer Is Killed.

Terre Haute, Ind., Nov. 20.—Two fast passenger trains on the Vandalia line met head-on at Veveyda Park, Ill., 39 miles west of this city, early Tuesday morning.

Engineer Joseph McLeenen, of the eastbound train, was instantly killed.

Engineer A. M. Hennell, of East St. Louis, of the westbound train, and Conductor Kirchner, of Indianapolis, were slightly injured.

The collision was due to a dense fog.

They Went to Church.

Attendance at church service is obligatory upon the part of soldiers at certain English posts, and amusing stories are told of the excuses that are sometimes resorted to in order to escape this requirement. At one post where a number of recruits were temporarily stationed an old sergeant was ordered to ascertain to what religious sect each man belonged and to see that he joined the party told off for that particular form of worship. Some of the men had no liking for church and declared themselves to be atheists. But the sergeant was a Scotsman and a man of experience.

"Ah, weel," said he, "then ye hae no need to kape holy the Sabbath, and the stables hae na been claned oot lately." And he ordered them to clean out the stables. This occupied practically the whole day, and the men lost their usual Sunday afternoon's leave.

Next Sunday a broad smile crept over the face of the sergeant when he heard that the atheists had joined the Church of England.—London Tit-Bits.

Love For the Beautiful.

Let us learn to love and appreciate the beauty which we see around us every day. There are beautiful things everywhere. Some of us see them; some do not. It all depends on our education. A beautiful flower may grow by the wayside. One person may pass it by and not even see it, or he may trample it under foot and call it an ugly weed. Another may see the same flower and as he looks upon it marvel at its beauty and recognize the handiwork of God. One of these persons has no love for the beautiful in his soul and the other has—that is the difference. Some people will tell you that it is not practical to care for beautiful things, but it really is practical, because it helps to make life sweeter and better. You will find it well worth cultivating, this love for the beautiful, and when you once have it in your hearts you will never be willing to part with it.—Maxwell's Talisman.

Evangelist Dunn is a fluent, pleasing and impressive speaker, and interests all who hear him.

Service will be held at 7 o'clock this evening, and a cordial invitation is extended to all to attend. The subject will be, "Can a Good Man be Saved Out of the Church?"

O'Halloran Smokers—Hand-Made 5c.

The Sun cannot guarantee the insertion of new display advertising in the Sunday issue of the paper unless copy is furnished the office not later than Friday noon.

Mr. and Mrs. Tom Mitchell of St. Petersburg passed through the city yesterday en route to Jacksonville. Mr. Mitchell is well known here, being the son of Captain Mitchell, an old-time conductor on the Atlantic Coast Line, now deceased.

Attention is called to the advertisement of the celebrated Victor Hugo and O'Halloran Smokers cigars, which are represented in this issue of The Sun. The Victor Hugo is a cigar of merit, a high-class piece of goods and something which appeals to the smoker of tobacco of the highest and most expensive grade. The O'Halloran Smoker is also an honest cigar, made of the best tobacco that can be put into a smoke for five cents. The C. W. Bartleson Company of Jacksonville are the distributors, and Mr. Bartleson is himself interested in the plant manufacturing these goods, which is sufficient guarantee that they are all right as far as quality is concerned.

PLOTS TO KILL CZAR

Carefully Laid, but Frustrated by Vthe Police.

WOMAN IN ONE OF THE CASES

Selected to Execute Imperial Terroristic Act Her Courage Failed Her and She Took Poison—Woman Was Found in a Dying Condition.

St Petersburg, Nov. 20.—A well-dressed woman, about 18 years old, was found in a dying condition Tuesday at the station of the Tsarkoe-Selo railroad. She confessed to having been selected to execute an imperial terroristic act, but her courage failed her, she said, and she took poison.

The woman so far has not been identified.

Emperor Nicholas left Peterhoff for Tsarkoe-Selo intending to spend the winter there.

What was believed to be a carefully laid plot to assassinate the emperor was believed to have been frustrated by the vigilance of the roadway guards while the imperial party was on its way to Tsarkoe-Selo.

Early in the morning of Nov. 9, a guard discovered six men trying to cut the wire of a semaphore signal at Ligove station, at the junction of the railroads to Peterhoff and Tsarkoe-Selo. The guard made an attempt to arrest the men, but was fired on and wounded by the supposed terrorists, who made their escape.

FIGHTING TAX LEVIED.

Assessment Ordered to Oppose Anti-Boycott Injunction.

Norfolk, Va., Nov. 20—The American Federation of Labor, amid great enthusiasm, Monday adopted, without a dissenting vote, the report of its special committee on the anti-boycott Van Cleave-Buck Stove and Range company injunction suit, now pending in Washington, the report making provision for the immediate assessment of a 1 cent per capita tax on all affiliated organizations, international and local, to be used in fighting this suit, and as a general fund for defense against any other attacks by the Manufacturers' association.

The whole question of the defense of the Van Cleave suit was left to President Gompers and the executive council, who are given authority to make any other necessary changes and such expenditures as they may deem wise and expedient.

SNAPSHOT ARTIST CHASED.

Tried to Get Picture of Miss Vanderbilt's Fiance.

New York, Nov. 20.—Szechenyi, fiance of Miss Gladys Vanderbilt, and Munson Morris, a wealthy clubman, chased F. J. Perrett, a snapshot artist, for several blocks and then caused the photographer's arrest because he annoyed the count and a party of ladies by endeavoring to take flashlight pictures as the party was leaving the horse show. Later in court, Perrett told an interesting story of the difficulties of his profession and the chances he had to take. Magistrate Droegot inflicted only a small fine, saying he did this in view of the camera man's frankness.

Was Mortally Wounded.

Gainesville, Fla., Nov. 20.—McQueen Chairs shot and mortally injured his cousin, Tom McQueen, at Oldtown, on the Suwanee river, Sunday. It is said that McQueen was advancing on Chairs with a gun, threatening to shoot. Both parties are members of one of the oldest families in LaFayette county and are prominent and extensive stockmen.

Tooth Pulling Proved Fatal.

Montgomery, Ala., Nov. 20—J. H. Blue, a white barber, is dead at his home, on Virginia avenue, as a result of having four teeth pulled. The extractions were made Sunday. He was predisposed to free bleeding, and the flow of blood could never be stopped. He died at noon Monday.

SEABOARD ADOPTS RATES.

Comer Wins Victory in Seaboard's Adoption of Georgia Rates.

Montgomery, Ala., Nov. 20.—Governor Comer has been notified that the Seaboard Air Line railroad and its subsidiary line, the Atlanta-Birmingham Air Line, will put into effect the legal rates of transportation fixed by the last legislature.

The passenger rate the road is allowed to charge is 2 3-4 cents a mile, a quarter of a cent higher than the Terrell rate in Georgia.

The freight rates are the same which have long obtained in Georgia the Georgia rate being the basis of the settlement.

This is another decisive victory for Governor Comer, who has insisted that Alabama should be treated as fairly by the railroads as Georgia. This was one of the strongest issues in his campaign for the office of railroad commissioner and later for governor. He insisted that on 110 specified articles in freight the rates and classifications were changed when the boundary line of Alabama was crossed. This he showed to be a disadvantage to Alabama.

The Georgia rates and classifications for this state were insured by legislative action. The Southern and Seaboard Air Line have finally agreed to put these rates into effect.

The agreement under which the Seaboard will withdraw all pending suits and put the rates into effect were made by L. Sevier, vice president of the road, with Governor Comer.

MERGER CASE TO BE TRIED.

To Test Validity of Purchase of Certain Railroads.

Columbia, S. C., Nov. 20.—Judge George Johnston, special judge in charge of the circuit court of civil cases states that the celebrated "merger" suit against the Southern railway would be tried at this term. There was some speculation as to this case coming up.

The "merger" suit was directed by the general assembly several years ago to test the validity of the purchase of the old South Carolina and Georgia road, between Columbia and Charleston, it being claimed that the Southern had bought up a parallel or competing line, which is forbidden by the constitution.

Several suits were filed for recovering the penalty, half of which goes to the plaintiff bringing a suit of this kind, and in order to settle it the legislature decided to have the validity of the purchase tested. It is a very interesting case and involves millions of dollars.

Attorney General Lyon is not in the city and therefore, could not be seen for a statement. Judge Johnston is presiding in place of Judge Oldrich, who is ill.

Wrestling Match at Denver.

Denver, Colo., Nov. 20.—"Farmer" Burns won the wrestling match from Michael Dwyer at the Denver Athletic Club Monday night, the best two out of three falls. By winning the second fall, Cornish style in quicked time than Dwyer had won the first, Dwyer had the right to name the style of the third bout, and chose "catch-as-catch-can." The last bout was won by Burns with a cross lock and half-Nelson in eight minutes flat.

Bounty on Cotton.

Baton Rouge, La., Nov. 20.—A bounty on cotton was Monday night proposed for consideration of the extra session of the Louisiana legislature in a resolution introduced in the house. The resolution provides that part of the big fees now paid tax collectors, and which the present extra session was summoned to reduce, be set aside as bounty money. This bounty is to be paid at the rate of $5 per bale for cotton raised in the boll weevil affected sections of Louisiana.

Jenkins Is Made State Agent.

Columbia, S. C., Nov. 20.—Dr. D. N. Barrow, chief clerk for Dr. S. A. Knapp, in charge of the demonstrative work of the department of agriculture, has appointed J. M. Jenkins as state agent for South Carolina work. Mr. Jenkins is a Clemson graduate and a brother of the city editor of the Greenville News.

SIUATION IS BRIGHTER

Money Pinch Will Seon Be a Thing of Past,

SPEEDY RELIEF P REDICTED

Action of the Government to Lighten the Money Stringency Is Expected to Restore Equilitrium in the Financial World.

Washington, Nov. 20.—President Roosevelt was commended and congratulated on Monday on the wisdom and success of the financial relief measures launched by the administration.

Many telegrams from all parts of the country, including New York, Chicago and other large cities, have been arriving at the White House, and, after being read by the president, have been referred to the secretary of the treasury, Mr. Cortelyou. The callers at the White House have each added an opinion on the optimistic side of the situation.

The president was informed from Buffalo that his letter expressing confidence in the soundness of the country had been printed in several languages in Buffalo and distributed among depositors who were making a run on a bank there, with the effect of checking the run.

Bids for Treasury Certificates.

Before the business day of the treasury had ended many applications arrived for the new "certificates of indebtedness." The fiscal uses to which these certificates may be put will make the demand for them very general, according to the opinion of experts in the department. They may be registered in the treasury and partake of the nature of a government bond, and as such deposited as security for national bank circulation or deposits. When not registered, it is predicted they will amount to 12 1-2 cents a month, and a holder may easily obtain credit for the amount of interest he is entitled to at his bank. Assurance was given that the gold reserve of the government was behind these secrtificates, and this fact, added to their interest bearing feature, will make them eagerly sought.

TO VIEW SUN'S ECLIPSE.

Party of Scientists Leave San Francisco for Flint Isle.

San Francisco, Nov. 20.—An expedition of scientists headed by Director W. W. Campbell, of Lick observatory will leave here Friday on the liner Mariposa for Flint Island, where they hope to observe the eclipse of the sun, January 3. The expedition, in which there will be twelve astronomers and other learned men, will travel on the Mariposa as far as Tahiti, where they will be met by the United States gunboat Annapolis, which will carry the party to Flint Isle.

The party will be left at Flint Isle and the Annapolis will call for them and land them at Papeete in time to take the Mariposa for home on January 13th.

Fire at Waynesboro, Ga.

Waynesboro, Ga., Nov. 20.—The Girard cotton oil mill burned to the ground early Sunday morning and created quite a considerable lot of excitement. The mills were valued between $20,000 and $25,000 and were insured for about $17,000. Girard is 25 miles from this city and the stock is owned mostly by the citizens of Girard and Burke county.

Pettibone Trial Reset.

Boise, Idaho Nov. 20.—The trial of George A. Pettibone, for complicity in the killing of former Governor Steunenberg, has been reset by Judge Wood for November 25. If the Adams trial at Rathdrum is finished by that time there will be no further postponement.

Eight Hour Day System.

Mobile, Ala. Nov. 20.—The eight hour day system inaugurated by the United States went into effect Tuesday. Ever yshop granted the demand except two, and these are expectd to respond this week.

FAMOUS "BACK TAX CASE."

Georgia Loses in Litigation Before the Supreme Court of U. S.

Atlanta, Nov. 20.—Georgia has lost out in her famous "back tax case" before the supreme court of the United States, according to an Associated Press dispatch received in Atlanta Monday night.

This famous suit was brought by the comptroller general against the Georgia Railroad and Banking company and the Central of Georgia Railway company to collect taxes, since 1895, on 30,000 shares of stock owned in the Western Railway of Alabama, by these roads to the extent of 15,000 shares each.

The aggregate of taxes sued for was about $600,000, and in the event the state had won and collected these taxes, $300,000 would have gone for state taxes and $500,000 for city and county.

Richmond county and Agusta would have been the favored ones in the Georgia Railroad and Banking company case, and Savannah and Chatham county in the Central of Georgia case.

This suit has been in some court for the past five years. It was first brought in the federal court before Judge Newman, and the decision went against the state; it was taken to the court of appeals and again the state lost, and on a certiorri carried to the supreme court of the United States, where the state won it. It was brought again into the state courts and carried through the supreme court of Georgia, where the state won it, to the United States supreme court, from whence the decision came.

STRUCK BY A TRAIN.

Fatal Injuries Received by Mrs. Smith of McDonough, Ga.

McDonough, Ga., Nov. 20.—Mrs. Elizabeth Smith, one of McDonough's oldest and most highly esteemed old ladies, was crossing the Southern railway at the Hampton street crossing, when she was struck by train No. 15, from Brunswick, and instantly killed. Mrs. Smith carried in her arms the little 15-months-old baby of her niece, Mrs. Ed Coker, and at first it was thought that the child had been fatally injured, too, but it later proved that it only received a severe shock, and in a few days it will be entirely well again.

Mrs. Smith had almost got across the tracks, and was struck on the right shoulder by the steam cylinder, the blow breaking the bones of the shoulder and lacerating the face to some extent. The engineer applied the emergency braks and attempted to stop the train when he saw her on the track, but the steep down grade rendered all his efforts in vain.

Met at Charleston.

Columbia, S. C., Nov. 20—The Southern States Association of Commissioners of Agricultural Workers began its annual three days' sesion here Tuesday. The outlook is for an excellent attendance of representative men from the entire south, from Virginia to Texas. The program includes many prominent agricultural workers, who are to discuss live subjects. United States Assistant Secretary of Agricultural Hays, of Washington, is to address the association.

Inland Waterway Convention.

Philadelphia, Pa., Nov. 20.—Delegates from seventeen states met in convention here Tuesday to further the project for an inland waterway along the Atlantic coast from Massachusetts to North Carolina. Much of the route of the waterway already exists and it is proposed that the channels of the canals, rivers, bays, etc. that are to be a part of the great water course be deepened and widened so as to permit the passage of the largest warships.

Atlanta Woman Burned to Death.

Atlanta, Nov. 20—While burning a pile of scrap [illegible] at 77 Hampton street, on Monday afternoon, Mrs. Essie Boyle, wife of Isaac Boyle, a printer, had her clothing ignited and before her husband, who was nearby, could extinguish the flames, was so badly burned that she died shortly after midnight. In going to the assistance of his wife, Mr. Boyle had both his hands severely burned.

$300,000 FIRE LOSS

Destructive Blaze Occurs at Peoria, Ill.

MANY FIRMS LOSE HEAVILY

Loss Is Partly Covered by Insurance. One Fireman Was Injured by Falling Debris—Fire Spread to Other Buildings.

Peoria, Ills., Nov. 20.—A fire Tuesday in the Leutchner building occupied by Brownlee & Bro. for a wagon company; Kingman Carriage company, Peoria Implement and the Wheelock Wholesale Grocery company, spread to two other buildings occupied by T. [illegible] Co., wholesale grocers, and Lethman, wholesale liquors, respectively.

The total loss is estimated at $300,000, partly covered by insurance. Butler, a fireman, was seriously injured by falling debris.

18th ANNUAL CONVENTION.

Trans-Mississippi Commercial Congress.

Muskogee, Okla., Nov. 20—The eighteenth annual convention of the Trans-Mississippi Commercial Congress was being Tuesday. The delegates listened to addresses of welcome and effected organization for transaction of business. On Wednesday the congress will begin the consideration of resolutions.

Matters of vast importance to the west are brought up, including parcels post, deepening of water ways, sale of public lands, irrigation and drainage of submerged lands.

At Tuesday's session former Governor Francis, of Missouri, welcomed Oklahoma into the union. Chief Mac Tiger, of the Creek Nation, delivered an address of welcome and spoke against the removal of restrictions on the lands of the Five Civilized tribes.

SPECTACULAR SCENE.

The Fight for Prohibition in Alabama Getting Quite Warm.

Montgomery, Ala., Nov. 20—When two car loads of Mobile women came to the city Tuesday to lobby against the prohibition bill they found the delegations from Montgomery, Selma and Birmingham had filled the state gallaries until not a seat was left.

It was a plan to crowd them out. Little children stood in the aisles and pinned ribbons on every one. It was the most spectacular in the history of the most spectacular i the history of the state.

When the Mobile ladies arrived they found that they had to stay outside in the already over-crowded lobby. Children were kept out of school to work against whisky.

Negro Boy Shoots Playmate

Glessaville, Ga., Nov. 20—Mose Richards, a negro 15 years old, shot and instantly killed Henry Curtis, a negro of the same age, at the home of the latter, Monday afternoon. A brother of the killed boy and brother of the one doing the shooting were the only witnesses. One said was accidental, the other swore it was intent to kill. The boy committed to jail for trial.

Fatal Pistol Duel.

Atlanta, Nov. 20—A running pistol duel, fought on Decatur street, in police headquarters Monday afternoon at the time the crowd on the street is thickest, resulted in the killing of Oscar Mays by Dave Jackson, and the wounding of Aaron Hampton, a stray bullet hitting him. All the principals in the affair were negroes. The fight started near Butler street in a saloon row.

Holds Aiken Law Valid.

Columbus, O., Nov. 20.—The state supreme court has held the Aiken law imposing a tax of one thousand dollars on saloons in the state valid. The acts of the last session of the legislature whose validity were questioned by the illness of Governor Pattison are incidentally upheld by the decision.

THOS. M'QUEEN WAS KILLED BY COUSIN

Fearful Sunday Tragedy on Banks of the Old Suwannee River.

A SAD BLOW TO RELATIVES

The Participants Are Descendants of Oldest and Most Influential Families of LaFayette County—McQueen Died Monday Afternoon.

From Tuesday's Daily Sun.

A fearful tragedy was enacted at Old Town, Lafayette county, Sunday, in which two of the most prominent citizens of that section of the county were participants, and which cost Thomas McQueen his life, having received gunshot wounds at the hands of his cousin, McQueen Chaires, which caused his death Monday afternoon. Information of this tragedy was brought to this city by residents of that section Monday, and, inasmuch as both parties have relatives here and are well known, the affair created a great deal of interest, as well as the greatest anxiety over the condition of the wounded man. Word came by telephone at a late hour Monday afternoon that the victim had passed away.

It seems impossible to secure authentic information regarding this sad affair, but the general rumor is that Thomas McQueen on Sunday went to the home of his cousin, McQueen Chaires, and threatened to kill him. It is said that Mrs. Chaires intervened, getting between her husband and McQueen, who was approaching. In the meantime Chaires secured a gun and emptied the contents of both barrels into his victim, the first load entering the head and mutilating the face, while the second took effect in his breast.

The wounded man was taken to his home, when Dr. Clyatt was summoned and rendered every aid possible. The victim lingered until Monday afternoon, when he passed away.

This affair is greatly to be regretted, and has cast a gloom over friends of both parties.

HIGH SPRINGS HAPPENINGS.

Nomination of City Officers by Democratic Club—Other Notes.

High Springs, Nov. 18.—The Democratic Club of High Springs has nominated the following ticket:

Mayor, E. B. Clark; Marshal and Collector, G. W. Bryant; Clerk and Treasurer, I. L. Grimes; Tax Assessor, H. C. Cato; Councilmen E. K. Anderson, W. B. Rivers, and M. A. Bexley. E. K. Anderson was elected chairman of the club for the ensuing year.

The New Century Club, at the last meeting, elected the following officers: President, Mrs. H. C. Stevens; Vice-President, Mrs. G. E. Gramling; Secretary, Mrs. J. D. Neal; Treasurer, Mrs. J. N. Salls.

Prof. Cawthon, principal of the Gainesville High School, was in town Saturday to visit his brother-in-law, Wade Whilden, who has been very sick. Mrs. J. W. Whilden, of Alexandriaville, Ga., mother of Mr. Whilden, was also here. The many friends of the young man will be delighted to hear that he is improving.

Dr. C. C. Barrs of Gainesville visited Dr. B. C. Hodges on Sunday.

Miss Laura Guy is visiting friends at Drew.

Mrs. H. C. Stevens and Mrs. M. P. Summers leave Tuesday for Gainesville, to attend the Federation of Woman's Clubs.

On Friday evening the ladies of the New Century Club gave an oyster supper for the benefit of the high school. About $25 was realized.

HEMORRHOIDS SORES AND ECZEMA

Accompanied by Terrible Itching—A Complicated and Most Distressing Case—Well-known Remedies Failed to Cure—Doctor Thought an Operation Necessary—Then

CUTICURA PROVED ITS WONDERFUL EFFICACY

"I am now eighty years old and one morning, three years ago, I was taken with a hard pain in my right side. In two days I had an attack of piles (hemorrhoids), bleeding and protruding. The doctor gave me some medicine and an ointment for them which helped me some but I had to keep using them all the time. Then I changed to the P—— remedy; but if I did not use it every day, I would get worse. The doctor said the only help for me was to go to a hospital and be operated on. At this time, about a year ago, I went to using the S—— remedies. I tried them for four or five months but did not get much help for my piles. During this time sores would come on a fleshy part of my body. They bothered me all the time. I would get one healed and another would come. These sores changed to eczema, accompanied by a terrible itching. It seemed as if I could not keep my hands from tearing my flesh. This and the pile trouble brought on an inflamed condition. Then I got the Cuticura Remedies. I washed the affected parts with Cuticura Soap and warm water in the morning, at noon, and at night, then used Cuticura Ointment on the irritated surfaces and injected a quantity of Cuticura Ointment with a Cuticura Suppository Syringe. I also took Cuticura Resolvent Pills three times a day. It took a month of this treatment to get me in a fairly healthy state and then I treated myself once a day for three months and, after that, once or twice a week. It is fortunate that I used Cuticura. The treatments I had tried took a lot of money that I would have saved by using Cuticura Remedies sooner, but I am wiser now. I am supplied with a full set of the Cuticura Remedies and would not feel safe without them. J. H. Henderson, Hopkinton, St. Lawrence Co., N. Y., Apr. 26, 1907."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood; also the Cuticura Suppository Syringe (35c.). Musical and Dramatic Club.

We are glad to learn that Gainesville is at last to have a musical organization and that the initial meeting, held Monday evening, at the home of Mrs. B. P. Richards, promised results of which any community, double the size of our city, might be justifiably proud.

This organization, we hear, will present several works during the winter, among which Stainer's "Crucifixion," conducted by Rev. F. Stuart Hyatt, should prove of much interest, both to an audience appreciative of good music, and to the members of the chorus to whom an excellent score will be entrusted.

Instrumental excerpts from a new light opera were presented at Monday's meeting, and while promising big demands in principal parts, close and careful work on the part of a chorus and careful handling by the conductor, the members are confident that they are equal to the task and that the work, when properly presented, as it will be, will vie, in tunefulness and general musical worth, anything Gainesville has seen.

We wish the organization every success, and believe it will supply a long felt want in our city.

There is No Reason

Why your baby should be thin and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Religious Tent Service.

There will be evangelistic services in the tent at the corner of W. Church and N. Garden streets, daily this week, at 3 and 7 p. m., beginning today.

The meetings will be conducted by Rev. G. W. Cashwell, the Penticost preacher, and everybody is extended a cordial invitation.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no optiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

A SUNDAY TRAGEDY AT DOUBLE SINK

Joe McCow Shot and Killed Another Negro, After a Quarrel.

M'COW MADE GOOD HIS ESCAPE

No Particulars Further Than Fact of Tragedy Could be Secured, But Understood That Killing Was Result of Mere Trivial Matter.

Information has been received in Gainesville of another tragedy, which occurred Sunday at Double Sink, Levy county, in which Joe McCow, a negro employed in the turpentine camps, shot and killed a companion.

It would appear, from the reports from that direction, that everybody felt in the mood to fight on the last Lord's Day, as three tragedies are reported within a radius of forty miles, in each of which death resulted.

The particulars of this tragedy at Double Sink are meager, as only the information of the same could be received. It is known, however, that the two men, the name of the victim not being ascertained, became involved in a row, when McCow opened fire, killing his victim instantly.

After the shooting McCow made his escape, and at last accounts had not been captured.

THE NEWS FROM SANTA FE.

Interesting Letter from Our Correspondent from That Burg.

Santa Fe, Nov. 18.—Capt. W. R. McGregor has purchased of W. B. Holder his entire turpentine plant, and has consolidated the two stills. Mr. Holder has gone back to Citronelle, where he has an interest with his brother, James Holder. His many friends wish him success.

Syrup making is all the rage here now. The crop in this section is the shortest for years.

We think that the last Legislature, to say the least, made a bad precedence in giving those that have money a rebate of two per cent on their taxes if paid during this month. The farmers' cotton is not sold and can't be sold only at a sacrifice. Even if it were sold, why such a law in a county that can boast of having in the treasury forty thousand dollars? Why hurry to the front to help out those that are fortunate enough to have the cash? Is there not something up the stream? That is the way the average "Cracker" is looking at it.

If anyone wishing to see the good roads that are so much talked about should happen to come down this way he would decide at once why we murmur. The public roads are in bad shape here.

NATURE PROVIDES FOR SICK WOMEN

LYDIA E. PINKHAM

a more potent remedy in the roots and herbs of the field than was ever produced from drugs.

In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value.

During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

FIRST DAY OF STROBHAR TRIAL

Court Organized and Jury Selected Without Any Trouble.

ONLY ONE WITNESS EXAMINED

The Entire Afternoon Was Taken Up in Hearing His Testimony, After Which Court Adjourned Until Tuesday Morning—Big Crowd Present.

From Tuesday's Daily Sun.

The circuit court met and organized for the second week of the term Monday morning, and in the afternoon the jury in the case of the State vs. J. N. Strobhar, charged with embezzlement while agent of the Atlantic Coast Line in this city, was drawn and empanelled.

Those who had advanced the idea that the drawing of a jury for this case would be a tedious one, resulting in many challenges and much time, were disappointed, as the jurors were accepted by the defense as their names were called and the usual questions propounded to them.

This case has created a great deal of interest, with the result that when the trial began the court-room was fairly well crowded.

The jury in the case is an aggregation of intelligence, as is easily noted from the expression of each member. The jury comprises L. P. Tillman, C. C. Drummond, W. H. Jones, G. H. Gibbons, W. D. Fagan, F. T. Rutherford, all farmers with the exception of Jurymen Rutherford and Fagan, the former conducting a restaurant and drink stand, the latter a grocery and meat market.

As soon as the jury had been properly sworn, the taking of testimony began. Owing to the confusion arising from spectators entering and leaving the court-room during the examination of witnesses, the court ruled that no spectators should enter or leave the room while a witness was on the stand, hence excellent order prevailed.

Only One Witness.

The first witness called by the State was R. V. Ott, an employe of the Dutton Phosphate Company. The witness was questioned at length, and the entire afternoon was consumed in recording his testimony, at the conclusion of which the court adjourned until 9 o'clock Tuesday morning.

Judging from the progress made on Monday, and the number of witnesses to be examined, it is estimated that the greater part of the week will be consumed on this case.

THE CIRCUIT COURT.

The Time of Court Still Occupied by the Strobhar Case.

From Wednesday's Daily Sun.

The time of the circuit court was Tuesday occupied by the case of the State vs. J. N. Strobhar, which was called and began on Monday.

At the convening of the court Tuesday morning the testimony of R. V. Ott, an employe of the Dutton Phosphate Company, was concluded, and also that of Dr. W. M. Dale of the Dutton Phosphate Company. E. D. Dutton, at the time of the alleged crime assistant cashier of Dutton & Co.'s Bank, J. E. Pultz, cashier of the freight department of the Atlantic Coast Line, and W. M. Benedict a former employe of Dutton's were examined.

At the conclusion of the testimony Tuesday the court adjourned until this morning.

Notwithstanding that the jurymen were confined all during the night their wants were evident that they had rested well, and they were bright and active at the opening hour at which they filed into the court-room for a good breakfast Tuesday morning.

I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50-cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. J. W. McCollum & Co.

Medical Examiners to Meet.

From Tuesday's Daily Sun.

The fall examinations of the State Board of Medical Examiners will be held in Jacksonville, Wednesday and Thursday of this week. These examinations are held twice a year, and embrace all the subjects of medicine and surgery. All physicians who seek to practice in the State have to pass this board before they can secure a license.

Dr. J. H. Hodges, a member of the board, will leave for Jacksonville tomorrow morning to assist in conducting the examinations.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

SUNDAY TRAGEDY WEST OF TOWN

James Bureen Shot and Killed Woman at Tioga Camp.

NEGRO MADE HIS ESCAPE

Left Camp Bareheaded and Barefooted, and Has Not Yet Been Captured. Verdict of Coroner's Jury—Killing Resulted from a Quarrel.

From Tuesday's Daily Sun.

Tioga, a timber and naval stores camp about ten miles west of Gainesville, was the scene of a tragedy Sunday afternoon which resulted in the death of a woman and made a criminal of Jim Bureen, a negro who has been employed in the lumber camp of the Cummer Company.

The name of the victim could not be learned, neither could the particulars in the case, further than the fact that the man and woman, whom it is claimed had been living together, quarrelled. In a few moments Bureen returned with a gun, emptying the contents into the woman's abdomen, killing her instantly.

Bureen, in his haste to escape, left the camp bareheaded and without shoes. Officer Livingston at Newberry was informed of the tragedy as quickly as possible and gave chase, but the negro had gained too much headway, and the search so far has been to no avail.

A coroner's jury was empanelled and an inquest held, the verdict of the jury being to the effect that the woman came to her death by gunshot wounds, the weapon being in the hands of one Jim Bureen.

The Tioga settlement is unusually a quiet one, this being the first tragedy in that section for several years.

At last accounts Bureen had not been captured.

ANNUAL SESSION OF THE WOMAN'S CLUBS

First Meeting Held at Elks' Home on Tuesday Evening.

MEETING LARGELY ATTENDED

The Audience Represented Representative People from Every Section of the State, and Many Prominent People of Gainesville Were There.

From Wednesday's Daily:

The thirteenth annual convention of the Florida Federation of Woman's Clubs opened in the assembly-room of the Elks' Club Tuesday night with a large attendance of delegates from every section of the State, and the State President, Mrs. Clara W. Raynor, presiding. The room was also well filled with many of the leading residents of the city, who had congregated to welcome the visitors, and to listen to the excellent program which had been prepared for the opening night.

The meeting was opened promptly at 8:30 by music, after which Mayor Thomas, in his usual happy strain, made an address of welcome in behalf of the city. Dr. W. F. Yocum, dean of the University of Florida, then made a few appropriate remarks, which was followed by an interesting address by Mrs. Raynor, the State president. The meeting closed with music, after which the delegates mingled with each other, enjoying a pleasant few moments together.

All day yesterday the ladies of the city were busy meeting trains and welcoming the various delegates, all of whom, however, did not arrive, but are expected today. There are quite a number here so far, but it is expected that the list will be considerably increased today.

From Thursday's Daily Sun.

The opening exercises of the Federation began at 10 o'clock Wednesday morning in the Assembly-room of the Elks' Home. Mrs. J. W. Tench, president of the Gainesville Club, delivered a brief and warm address of welcome, which was happily and beautifully responded to by Mrs. Arthur G. Cummer of Jacksonville, in the place of First Vice-President, Mrs. T. M. Shackleford, who is unavoidably absent.

Prayer was offered by Rev. Dr. Thos. P. Hay. After the report of the Credential Committee and the roll-call on general officers, chairmen and delegates, President Raynor formerly declared the convention open for business.

The reception tendered the Federation by the Gainesville Twentieth Century Crub on Wednesday afternoon was largely attended and very enjoyable. An account of this and some of the addresses made will be given in a later issue of The Sun.

Following is a list of officers and delegates in attendance, together with the places at which they are being entertained:

Mrs. Clara W. Raynor, president, Daytona, with Mrs. E. E. Cannon; Mrs. C. J. Huber, second vice-president, Tampa, White House; Mrs. C. B. Farrell, State correspondent, Live Oak, Mrs. F. H. Craighill; Mrs. J. A. Frederick, recording secretary, Miami, Mrs. W. M. Johnson; Mrs. Milo McNeal, corresponding secretary, Ormond, Mrs. Broome; Miss Mary Crosby, San Mateo, White House; Mesdames C. H. Cooper, Ormond, W. H. Stewart, DeLand, Mrs. W. M. Dale; Mrs. A. A. Smith, Lawtey, Mrs. McCormick; Mesdames G. A. Weaver, Daytona, Chas. A. Kay, Tallahassee, W. G. Brown, Lake City, Jas. L. Wells, Lake City, John A. Crosby, San Mateo, W. C. Wamboldt, Jacksonville, W. B. Clarkson, Jacksonville, M. E. Randall, Lawtey, H. C. Stephens, High Springs, H. J. Folkel, Tallahassee, B. The Evening Session.

The evening session was opened with musical selections, after which Miss Louisa B. Poppenheim of Charleston, one of the most highly educated and most prominent club women of the country, delivered an interesting address on "Club Ideals and Ethics." This address was very instructive and highly enjoyed by the large crowd present.

CAPTAIN KELLEY IS DEAD.

Old and Highly Respected Citizen Passed Away in Luray, S. C.

A telegram was received in this city last night from Dr. J. L. Kelley, announcing the death of his father, Captain George W. Kelley, which sad event occurred at the home of his daughter, Mrs. C. H. Johnson, Luray, S. C., Wednesday.

Deceased was eighty years of age, and was one of the oldest and most widely known residents of Alachua county. He was born in Georgia, but about twenty years ago removed to this section, settling at Windsor. He has been very active in the development of the county, and was noted for his ambition and energy.

Deceased is survived by four sons, Dr. J. L. Kelley of this city, Dr. Thomas Kelley of Gibson, Ga., A. R. Kelley of Citronelle, and L. W. Kelley of Windsor, and two daughters, Mesdames Coy Johnson of Seminole, S. C., and C. H. Johnson of Luray, S. C., to whom the sympathy of the community is extended.

The remains will be brought to Windsor, where the interment will be held in the family burying-ground.

A REMEDY FOR NEURALGIA OR PAIN IN THE NERVES.

For neuralgia and sciatica Sloan's Liniment has no equal. It has a powerful sedative effect on the nerves—penetrates without rubbing and gives immediate relief from pain—quickens the circulation of the blood and gives a pleasant sensation of comfort and warmth.

"For three years I suffered with neuralgia in the head and jaws," writes J. P. Hubbard of Marietta, S. C., "and had almost decided to have three of my teeth pulled, when a friend recommended me to buy a twenty-five-cent bottle of Sloan's Liniment. I did so and experienced immediate relief, and I kept on using it until the neuralgia was entirely cured. I will never be without a bottle of Sloan's Liniment in my house again. I use it also for insect bites and sore throat, and I can cheerfully recommend it to anyone who suffers from any of the ills which I have mentioned."

Cotton Association Meeting.

Cadillac, Nov. 20.—The Sea Island Cotton Association of Alachua had a very enthusiastic meeting Saturday, November 16, at which Col. Jno. B. Dell occupied the president's chair. President Dell is a faithful and energetic worker, and will make a good leader and the association will accomplish great results if the farmers of Alachua will put their shoulder to the wheel and push for better prices for their cotton.

So let one and all attend the meeting, November 30, 10 a. m., at the Williams Company store, and work together to get more for your labor than you can get at the present price of cotton.

F. Y. Smith Buys Dog.

Attorney Furman Y. Smith of Alachua, who is an enthusiastic sportsman and hunter, has secured by purchase from J. A. Goodwin of this city a fine dog, "Count," of which he is very proud.

Attorney Smith took the dog home with him in a buggy, and proposes to try him immediately in the fields. The dog is two years old, and said to be one of the finest ever bred in this section of the country.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

STROBHAR CASE WILL END TODAY

This Famous Case Has Occupied Entire Week So Far.

ARGUMENT BEGAN WEDNESDAY

At the Opening of the Court Today Frank Clark, State Attorney Rivers and Attorney Robt. W. Davis Will Speak. Then Case Goes to Jury.

Ere the shades of night shall fall on this day, the fate of J. N. Strobhar, who has been on trial in the circuit court for the past three days upon a charge of embezzlement, will be known. The entire week so far has been occupied in this famous case, which has been for two years in the courts, but the end is near, for Wednesday afternoon the argument of counsel was taken up, the testimony having been concluded in the forenoon.

The defense introduced no evidence, which gives the right of the closing argument.

The court-room was fairly well crowded in the afternoon, as it was announced that the argument would begin. In the audience were a number of ladies, and all present seemed deeply interested in the remarks of the attorneys, both for the State and defense.

The argument was opened by Judge Syd L. Carter for the prosecution, who spoke for thirty minutes in his usual eloquent vein. Judge Carter was followed by Attorney R. A. Thrasher for the defense, who occupied the time of the court for forty minutes, after which Attorney R. A. Burford of Ocala, representing the prosecution, presented his views in the case, when court adjourned until 9 o'clock this morning.

The opening address will be made this morning by Congressman Frank Clark, for the defense. Col. Clark will be followed by State Attorney J. M. Rivers, which will leave the closing argument for the defense to Hon. Robt. W. Davis.

A great deal of interest is being manifested in this case and the outcome is a matter of considerable speculation.

POURNELLE HAD 'EM SKINNED.

Beats the Record of the Cummer Man With a Smaller Capacity.

Fort White, Nov. 20.—Editor Sun: I noticed last week in The Sun where Mr. N. J. Lewis, master mechanic for the Cummer Phosphate Company, mined 108 tons of phosphate rock in eleven hours with an eight-inch pump.

This is extraordinary good work, but I can boast of a better record with a six-inch pump. I am with the Fort White Hard Rock Company here, and I mined 112 tons rock in ten hours with a six-inch pump.

We have the only hydraulic plant in this county and we use two six-inch pumps, and supply these pumps with water from only one Worthington pump 18x14, with six-inch discharge. We are pumping now about 250 feet up an eighty-foot incline. Respectfully,

P. E. POURNELLE.

(Note)—A representative of the Cummer Lumber Company writes The Sun under date of Nov. 18 that the information published by this paper under the caption, "News from Mining Section," referred to in above communication, which was sent in by a correspondent, must have been "an error or a joke."

The Sun does not know whether the statement by this correspondent was a fact, "an error, or a joke," but it does not know that the communication was received and credited with the truth. The Sun is in the habit of publishing all communications of this character where the name of the author is signed, believing it gives a credit to "the man at the pump," to use the expression. If it was "an error or a joke" it is certainly up to the fellow who sent it in, as the paper usually regards its correspondence as truthful assertions.

At Church of Christ.

The meetings which are being conducted at the Church of Christ, East Liberty street, every evening, under direction of Evangelist J. W. Dunn, are proving of great interest to our people, and every service is more largely attended than the former. The Evangelist Dunn is a fluent, pleasing and impressive speaker, and interests all who hear him.

Service will be held at 7 o'clock this evening, and a cordial invitation is extended to all to attend. The subject will be, **"Can a Good Man be Saved Out of the Church?"**

PROF. SMITH WILL TALK TO FARME

Expert from U. S. Government Will Tell All About the Soils.

WILL BE HERE NEXT SATURD

This Expert Will Make Addresses Several Important Points in the Second and Congressional District. Will Prove Beneficial to Farme

Hon. Frank Clark, Congressman from the Second District of Florida, is always awake to the interests of his district and his people, and is ever by doing something which he will prove of interest and benefit to his constituents.

It was through Congressman Clark's efforts that the geological survey of Florida was authorized, and at present time the force under Dr. Dodson is now engaged in the work.

Congressman Clark's latest move has been to secure a lecturer to Florida from the National quarters to talk to the people, and in this he has also been successful, as the Government has agreed to send Hon. W. G. Smith, chief of Bureau of Soils, Department of Agriculture, a man who is well versed in this matter, to address the people of Florida.

Prof. Smith will deliver his address in Gainesville on Saturday afternoon, the 23d inst., at 2 o'clock in the afternoon. This hour is named in order that as many of the country people who can remain may hear him. His lecture, which will be free to all, is especially beneficial to the country people, who are tillers of the soil, and it is hoped that all of them will be present to hear him and profit by his suggestions.

From Gainesville Prof. Smith's itinerary will be as follows: Monday, November 25; Tuesday, November 26; Wednesday, November 27; Thursday, November 28; Ocala, November 29; Orlando, November 30.

The public is cordially invited to these meetings, and the ladies especially urged to attend.

GOV. HUGHES' CANDIDACY.

The more one looks at it, the more insistent and unwelcome appears the Hughes boom for the Presidency. It has just "dropped in casual like" on the Republican party but it is a force to be reckoned with and if it does not come to actual fruition as a nomination, it is likely to sidetrack a good many other booms, get in the way of well-laid plans and cause general party disruption. It is said at political headquarters that the movement has been so strong as to command not only the attention but the action of the President, and he has been forced to allow the use of his name in connection with the Hughes candidacy by some of the New York leaders. It is no great secret that the President does not like Governor Hughes, and one or two public speeches would indicate that the sentiment is about as cordial on the side of the Governor. But it appears from this distance that any man to command the support of the Republican party as a whole must have the endorsement of the unquestioned boss of the party, President Roosevelt. The President knows well enough that his party would stand not a ghost of a show for winning the election if there were a serious split in it anywhere, and thus he would rather accept Hughes as his personal nominee than see anything like internecine strife in the party. Therefore he has lent his countenance to the Hughes movement, though unwillingly, probably in the hope that something will turn up between now and nominating time to put the Governor of New York out of consideration. But crockery is weak on the line of a fracture, no matter how carefully it has been mended, and it will be interesting to see whether the patched peace will hold under the strain of a warm political contest.

ASSET OR CREDIT CURRENCY.

The advocates of asset currency, or credit currency, are again chirping merrily in the newspapers. Congressman Charles N. Fowler of New Jersey, and Mr. Henry W. Peabody of Massachusetts, have been writing letters and interviews urging "the friends of National banks and sound currency and the gold standard" to repeal the restrictions imposed by the act of Congress of 1882 upon the sudden retirement of bank notes for speculative purposes. The act of 1882 was passed to protect the country against the arbitrary and unexpected contraction and subsequent expansion of currency by banks of issue which had resulted in disaster to the whole country. In 1881 an aggregate retirement of $18,000,000 of bank currency had caused a panic; and the act was passed to take away from the banks this panic-power. The debates in Congress at that time show that even the Republicans had learned to dread the exercise of such a power by the unscrupulous financiers of those days. But now it is proposed to restore this panic-power by enabling banks to issue asset currency with no security and to substitute the "cats and dogs" of Wall Street as security for deposits, and use the Government bonds which the law has heretofore required as security for deposits, as a means of obtaining additional notes for circulation; thus enabling the Wall Street gamblers to expand and contract the currency at will, and to make contraction a subterfuge for emptying the National treasury into their own coffers. Of course, Democrats oppose this scheme on principle. Every honest man should oppose it from motives of expediency, even if he is not a Democrat.

STEADY, MEN!

Steady, men! Be firm; be courageous; be determined, and victory will be yours!

These are the ringing suggestions, not in the form particularly of a command, but a warning of encouragement which is passed along the line of soldiers by a high authority as they are about to enter battle, and if these soldiers remember these cheering words, and live up to the suggestions urged by those in authority in the majority of battles, victory falls to them—in fact, in all battles except those in which they lose courage and firmness, being opposed by forces acting under the same instruction, and which, by these elements of firmness, courage and determination they emerge from the field masters of the situation.

Now, everyone—even the tiniest schoolboy who is able to read and conceive—have had the idea drilled in their heads through press reports sent out from Wall Street, the great financial center of the United States, where both bulls and bears feast upon the labors of the American people until they have become fattened upon their own corruption.

These financial gluttons have been successful for years in dictating the monied interests in America, and will continue to do so as long as our people will submit.

We who live in Florida have a great deal for which to be thankful, but which, we fear, falls short of gratitude—not because of non-appreciation, but because we have been for so long basking under a prosperous sun that its rays, though still as responsive as ever, have become so uniform in their degree of gracious warmth, that we really lose conscience of their effect.

Let the whole country suffer from the vicious, unmerciful claws of Wall Street, if they are willing to submit, but why has Florida to suffer? The people of this thriving State can live without Wall Street or its dictations, because of the fact that they have been blessed by the Supreme Ruler with diversified advantages which will never die, and unlimited resources in every way. In a State where riparian rights afford an abundance of the finest products of the sea, the river, the lake; where the thrifty farmer can have a crop of some kind growing every month in the year; where the horticulturist may ship to market the finest citrus and other fruits the world has ever produced; where rest vast beds of inexhaustible phosphate; and where hundreds of other minor resources are easily found?

What is the necessity of the so-called financial panic affecting the good people of Florida?

In conclusion, a word to all, and to the country's friend, the farmer, in particular:

Hold your cotton, regardless of what the Wall Street gluttons tell you through their scheming efforts. Do not permit that gang to dictate to you, and set a price upon that which you have produced by the sweat of your own brow. We should all thank God for the fact that we have plenty of sweet potatoes, pork and bread—and if it comes to a show-down we can subsist on that until Wall Street is forced to terms.

Steady, men! Be firm; be courageous; be determined, and victory will lay as a sparkling jewel in the palms of your hands.

REPUBLICAN FACTIONS.

After Congress meets on December 2nd, many political things that are dark and dubious now will have the enlightning rays of partisanship thrown upon them. It will soon be apparent whether Speaker Cannon, Jim Sherman and the other Republican patriots, who dislike executive interference and crave the contributions of the trusts and corporations to help their re-election, will stand up and fight for their share of the boodle, or lay down as they did at the last session of Congress. The Republican Congressional leaders talk very boldly in private of what they will do to those Congressmen who line up at the White House and take orders from the "great I am." But a mess of Roosevelt patronage is a great temptation to some of the weak brethren. The united standpatters are determined to try and control the next Congress. They don't care so much what kind of a tariff plank goes into the Republican National platform, for they can ignore it and "still continue to stand pat, if they have a safe majority." The scared tariff must be preserved by these patriots at all hazard.

A little boy went out one day
With his wagon for to play.
His mother said, "Now, Johnny dear,
Around the house stay very near,"
But straight to the river he did go
And when near the brink he stubbed his toe,
And with his wagon far below,
Into the water he did go.

A fisherman was standing by,
And unto him he did cry:
"Help me out or I shall die."
The fisherman said, "I will try,"
And when he got him out and dry,
The boy went home and got some pie.

FROM THE PINE WOODS.

Hyomei's Aromatic Air is Guaranteed to Cure Catarrh or Cost Nothing.

When using the Hyomei treatment, the air you breathe is like that on the mountains high above sea level where the pine woods fill the air with aromatic healing that gives health and strength to those suffering from diseases of the respiratory organs. Breadth through the neat pocket inhaler that comes with every outfit, the healing balsams of Hyomei reach the most remote air cells of the throat, nose and lungs, destroying all catarrhal germs and giving quick relief and cure.

Hyomei has performed almost miraculous cures of catarrh, often restoring health in chronic cases that had given up all hope of recovery. Its best action is at the start of the disease, when the breath is becoming offensive and when discharges from the nose, droppings in the throat and frequent sneezing or spasmodic coughing begin to make life a burden. At the first symptoms of catarrhal trouble, use Hyomei and see how quickly you get relief and cure.

The complete outfit costs but $1 and is sold by J. W. McCollum & Co., under guarantee to refund the money if it does not give satisfaction.

BIG CONVENTION TO BE HELD HERE

Florida State Federation of Labor to Meet in Gainesville.

CALL FROM PRESIDENT MORITZ

The President Officially Notifies Various Labor Unions Throughout the State of Meeting, With Particulars Regarding Same.

The following order has been issued through The Central Union Times, the labor organization journal of Jacksonville, regarding the eighth annual convention of the Florida State Federation of Labor, which embraces labor unions of every trade and profession in the State, which will be held in Gainesville in January:

"To Organized Labor of Florida, Greeting:

"Pursuant to the constitution of the Florida State Federation of Labor, you are hereby advised that the Eighth Annual Convention of the Florida State Federation of Labor will be held in the city of Gainesville, beginning at noon on the third Tuesday in January, 1908, and continuing in session from day to day until the business of the convention has been completed.

Representation.

"The basis of representation in the convention shall be: Locals having 100 members or less shall be entitled to one delegate, and for each additional 100 or majority fraction thereof, one delegate, and from central bodies three delegates. The delegates shall be elected at least thirty days previous to the annual convention, and the names of such delegates shall be forwarded to the secretary-treasurer at the earliest possible moment thereafter.

"To entitle local unions and central bodies to representation in the convention, they must be in possession of a receipt from the S. T. showing the payment of per capita tax at least one year previous to the convention. Provided, however, that local unions or central bodies not organized prior to the last convention shall be entitled to representation upon payment of two months' per capita tax.

"Delegates shall be elected by their unions to serve one year. In no case shall a delegate be allowed more than one vote. They must deposit their credentials with the S. T. before being admitted to seats. All credentials shall state full name and address of the secretary of the union, and be signed by the president and secretary and bearing the seal of the local union. If these provisions are not complied with the credentials shall be returned by the S. T. of the State Federation of Labor to the organization issuing said credentials.

"Credentials in duplicate are forwarded to all unions. The original should be given to the delegate-elect and the duplicate forwarded at once to the secretary-treasurer of the Federation. The importance of our organizations and of the movement, the duty of the hour and for the future, demand that every organization entitled to representation shall send its full quota of delegates to this convention on January 21st, 1908. Do not allow favoritism to influence you in selecting your delegates. Be fully represented. Be ably represented by the very best men that you have, by the most faithful and experienced members of your union.

"Trusting that every labor organization in Florida will feel the necessity of making this the most successful convention in the history of the organization, and that it may result in great good to the wage earners of the State, I beg to remain, fraternally yours. MAX P. MORITZ, President.

JAS. A. ROBERTS, Secretary-Treasurer.

"Note—Be sure and forward your duplicate credentials to Secretary J. A. Roberts, Box 48, Ybor City, Fla., at once."

This convention will be one of the largest this city has ever witnessed, among the many that have been held here, as more than three hundred delegates will be present from every section of Florida, representing every trade and profession. The last convention was held in Tampa, and lasted for four days.

Newly furnished room, on block adjoining square, to rent. Apply in front of Baptist church, or at Sun office.

AWFUL FATE OF YOUNG WHITE MAN

Stick of Wood Fell from Tender, Causing His Death Later.

COMPANION WALKED SIX MILES

And Asked for Assistance, But Was Refused—When He Returned His Companion Lived Only a Few Moments—Remains Taken to Bronson.

While walking from Cedar Key north, on the railroad Monday night, two young white men, whose names could not be learned, stepped to the side of the track to permit the passing of the Jacksonville-Cedar Key train, south-bound, at a point about four miles south of Ellzey. They did not clear the track sufficiently, it seemed, and as the engine approached the men a stick of wood fell from the tender, striking one on the head, and causing a wound which four hours afterward resulted in his death.

It is stated that the companion, when he realized how badly his friend was hurt, walked to Otter Creek, a distance of six miles, and asked aid, explaining the condition of the companion he had left behind, but none was offered him, when he returned, to find his friend suffering greatly. In twenty minutes or a half-hour after returning, the young man died.

The remains were brought to Bronson on the early morning train Tuesday, where they were turned over to the authorities, and in the afternoon received a decent burial.

Effort was made over the telephone to secure some information Tuesday afternoon, but it was impossible to get into conversation with any subscriber, hence the names of the young men could not be learned. From what could be learned in an indirect manner, however, it is stated that the boys, who were from the North, had been to Cedar Key in search of work, and, failing to secure employment, were on their way back.

Sailed Under False Colors.

Chicago, Nov. 19.—F. E. Wolffee, with offices at 158 Dearborn street, is under arrest here under charge of having obtained $25,000 worth of furs from eastern manufacturers under false pretenses. According to the police, Wolffe conducted a business known as "G. Ewald Anderson & Co." and represented himself to be an agent for a reputable fur house on Halstead street, which is well known in the east.

This is Worth Remembering.

LOUISVILLE CAR STRIKE.

Riotous Times Grow Out of Same. Strikers Rock Street Cars.

Louisville, Ky., Nov. 19—Two policemen were injured by bricks, five men were arrested, and a number of persons clubbed as the result of a riotous demonstration made by striking street car employees and their friends Sunday afternoon. That the affair did not result more seriously was due to the prompt arrival of police reserves, who broke up the crowd before it could be further inflamed.

A mass meeting of strike sympathizers was held at a hall in the central part of the city, at which heated speeches were made, but the crowd did not become fired until an address was delivered by the wife of a discharged conductor. Her remarks so worked on the feelings of the assemblage that when the meeting broke up an impromptu parade of over two thousand persons was formed and they marched about the business district. There was a large sprinkling of women in the crowd, and they incited the assemblage to stone street cars. Four cars were stoned, and although no one aboard was seriously hurt, several women passengers fainted from fright.

The procession finally halted at the corner of Fourth and Market streets, where more inflammatory speeches were made, and a collision with six policemen at the corner followed.

Sergeant Brockman and Policeman Dalton received painful wounds from flying bricks, but they and their four companions managed to arrest five of the leaders of the mob and get the reserves to the scene. Only a liberal display of pistols and free use of clubs by the reserves broke up the demonstration, which was fast becoming serious.

A police order was issued forbidding any more parades. This was the third day of the strike, and the company operated about one-fourth of the usual number of cars, which were moderately patronized. All service was suspended at nightfall.

KILLED WHILE ON A HUNT.

Boy Shot at a Covey of Birds and Killed Companion.

Columbia, S. C., Nov. 19—Walter Bethel, a 12 year-old boy, was shot and fatally injured by Carlis Krips, a youth about the same age, Saturday morning while out hunting.

The two, along with several others, were flushing a covey of birds on the farm by the state hospital for the insane, and when the game rose the party fired into the covey. A circle had been formed around the flock and Bethel was seen to fall. Investigation showed that a parlor rifle bullet had entered his head and he died on his way to the city, medical aid having been summoned.

Bethel was a son of a glass blower, and Krips is the son of J. A. Krips, a well known physician.

STORM ON GULF COAST.

Heavy Rainfall in the Vicinity of Mobile, Ala.

Mobile, Ala., Nov. 19.—A general storm was experienced along the gulf coast Sunday and Sunday night, the report at 10 o'clock being that the disturbance was principally confined in this territory to southern Mississippi from which point it turned northeast, being materially reduced in velocity and force.

The heaviest rainfall was confined to the immediate Mobile vicinity, where one-half inch fell in five minutes, the total for the day up to 8 o'clock Sunday night in this city being 1 1-4 inches. A heavy wind was experienced down the bay and in the southern section of the city, but no damage was done.

MRS. BRADLE'S TRIAL

Second Week of Celebrated Case Begins.

WITNSSES FOR THE DEFENSE

Great Many of Them Are From Mrs. Bradley's Former Home in Salt Lake City—Insanity Plea Main Hope of the Defense.

Washington, Nov. 19.—Mrs. Bradley found herself surrounded by friends when she went into court on Monday to begin the second week of her trial on the charge of murdering former Senator Arthur Brown, of the state of Utah.

The court room was full of witnesses for the defense who had been asked to be present in view of the prospect of beginning the taking of testimony in her favor, and several of them had come all the way from her former home in Salt Lake City for that purpose. In this class were included Mr. Eugene Whitney, who is expected to support Attorney Hoover's statement that Mr. Brown had been responsible for criminal operations on th woman; Lyon Shrewsbury, the husband of an aunt of Mrs. Bradley, who became insane; Mrs. Maddison, Mrs. Bradley's mother, and Judge N. H. Kaighn, Judge P. P. Henderson, Arthur Barnes and Colonel Samuel King, all of whom are attorneys of Salt Lake City, and are said to be familiar with different phases of the relationship between Brown and Mrs. Bradley.

It was stated before the trial began that the first witnesses introduced in Mrs. Bradley's defense would be some Washingtonians, mostly newspaper men and policemen who saw the woman soon after the tragedy, and will be questioned concerning her demeanor an appearance at the time with the hope of creating the impression that she was not responsible for her act.

Tragedy at Birmingham.

Birmingham, Ala., Nov. 19.—Maud Parsons, a woman about 23 years of age, was shot and killed Saturday night at the Victoria hotel on Twentieth street, and John Dagmer, a deputy sheriff, is held, charged with the crime. There were no eyewitnesses to the tragedy, but Dagmer, it is said, was heard to say several times early in the evening that he was hunting the woman to shoot her. He claims she took his pistol from him and killed herself.

Affairs In Washington

Washington, D. C., Nov. 19.—The report comes to Washington from many sources that if Mr. Roosevelt is nominated the solitary hope of Democratic success lies in a new man, other than Bryan, and a new platform, while others are equally insistent that the renomination of Mr. Roosevelt and the salvation of the Democratic party as it will surely place Mr. Taft in the executive chair. Among the latter class of prognosticators in Washington, the recent utterance of Henry Watterson, the editor of prominent Southern pournal, who declares that the very thought of a third term is treason, and that "if, through any machinations of political bosses, or any conspiracy of party politicians, or any combination of whatever it could present itself as a candidate, the people will rise en masse, especially in New England, and crush it as a giant might crush an eggshell" is being quoted as gospel truth.

Mr. Bryan's recent declaration in favor of immediate tariff revision is construed by Democrats in Washington to believe that it will serve to emphasize the utter incapacity of the Republican party to deal with the tariff monster, which it has itself created. Already there are indications of a lively row in Republican ranks. Representative Barton of Ohio, for instance, has announced his intention to resign the chairmanship of the committee on rivers and harbors. He contemplates this step because he believes that he is entitled to and hopes to force the Speaker to appoint him to the vacancy on the Ways and Means committee created by the defeat of Representative Grosvenor of Ohio. The Speaker, however, cares nothing for the fact that Mr. Burton is entitled to this recognition and is determined that he shall not have it because Mr. Burton has espoused the cause of the President and Secretary Taft, both of whom favor revision. Like all ardent protectionists, Mr. Cannon is first a "stand-patter" and with him justice has to take its chances after the protected industries have been duly provided for.

The State of Oklahoma which has just been admitted to the Union is the first Democratic State to come into the Union in sixty-two years or since Texas was admitted. And it will have a greater voting strength in Congress and in Presidential elections because of the fact that it is the largest State in population ever admitted to the Union. It is a source of infinite satisfaction to the state politicians in Washington that it comes in just at a time when the party most needs it to save the Democrats in the United States Senate the disgrace of falling below the membership of that body. The two Democratic Senators from Oklahoma, the Democrats will have one more vote than necessary, and if united, will have an unlimited veto power in consideration of treaties. Entitled by its population to but five of the lower house, it will have but five, and of these members four are Democrats and one a Republican.

The Democratic caucus, assembled in the hall of the House of Representatives on the evening of November 18, has been issued by Representative Henry Watterson. The expectation is that Members of Mississippi will be the majority leader. It is said that few changes will be made in the party personnel of officers. Mr. Williams has made a decidedly capable leader of the minority and it is expected that with fifty more Democrats at his back in the forthcoming Congress, he will make an even better showing during the coming winter.

The financial situation is no longer the chief topic of conversation and discussion at the Cabinet meetings because of the steady and wholly satisfactory improvement in conditions throughout the country, and particularly in New York the outlook is greatly improved. According to the Secretary of the Treasury the fact that money is now being sent to the West freely through the usual channels, indicates, better than anything else, that the stringent conditions which have prevailed recently are easing up.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It *will* often *prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

TAX NOTICE.

The tax books of Alachua county for the year of 1907 taxes are now open for the payment of taxes. Any person paying taxes during the month of November will be entitled to two per cent discount, any paying taxes during the month of December are entitled to one per cent discount; after that date, and up to the first day of April no discount will be allowed. Taxes become delinquent on the first day of April. Any money sent to the Collector, and not reaching him on or before the last of November, will not receive the two per cent discount. In other words the Collector must have the money, and a receipt issued for the taxes on or before the last day of the month for the tax payer to get the benefit of the discount. W. D. DICKINSON.
Tax Collector Alachua County.

Takes Temperance Platform.

Minneapolis, Minn., Nov. 19.—Frank E. Edds, formerly senator from Minnesota, made his first appearance as temperance lecturer Sunday when he addressed an audience at the Metropolitan opera house in this city. He said that Edds had preempted his claim before coming to Minnesota. He closed by saying that he had taken the platform as a temperance lecturer because he believed it was necessary that men go forward and set the example that young men ought to follow.

Man Is Blown to Atoms.

Zelienople, Pa., Nov. 19.—Harry Leise was instantly killed and a property loss of $10,000 resulted Tuesday night when two tons of powder in the grinding and storage room of the plant of the Pittsburg Fulminate company, 2 miles west of here, exploded. The force of the explosion shook buildings for miles around and caused a panic among residents of Harmony, Zelienople and adjacent villages.

STATE FAIR NOTES

Tampa, Fla., Nov. 18.—Principal among the attractions booked for the Florida State Fair which will be held in Tampa, February 5th to 22nd, will be Horace D. Wild's internationally famed airship, "Eagle," which won first prize and a diamond medal at a great international contest at Chicago. This airship, which will make daily flights in and around Tampa, also made a wonderful record in the recent race from St. Louis to the Atlantic coast, being prevented from winning over foreign balloons by an accident.

The horse racing will be infinitely better than that at former fairs, as evidenced by the fact that three hundred runners will be brought from New Orleans, the racing center of the South. Tampa will be admitted into membership of the National Racing Association, which is a guarantee that every race will be absolutely "straight," and that the meeting will be conducted in a most up-to-date manner.

One of the finest features of the Florida State Fair, which will be held in Tampa in February, will be the horse show, which will be on a much finer scale that that of last November. Cash premiums will be given in each class shown, and the finest saddle, harness and draught horses in the State will be exhibited. Owing to the large number of fine horses that will be brought to the fair the erection of additional stalls will begin at once. The animals shown will be given the best of care. Additional buildings will also be necessary for the accommodation of cattle, hogs, poultry and other live animals, as the number exhibited will far exceed that of the last fair.

No action taken by the directors of the Florida State Fair has been more pleasing than the determination to prevent the sale of intoxicants on or near the grounds while the fair is in progress. The city officials of Tampa will act with the directors in enforcing this rule. No serious disturbances have resulted from the sale of whiskey on the grounds heretofore, but the practice will be stopped out of deference to women, children and others who are strict advocates of temperance.

THANKSGIVING SOCIAL.

The Young People of Baptist Church Entertained in North Gainesville.

In compliance with a general invitation to all members of the B. Y. P. U. Seniors, a large crowd gathered at the home of Mr. and Mrs. L. W. Jackson, North Gainesville, Tuesday night, to attend an old-time Thanksgiving social, tendered by the clever host and hostess to the young people of the Baptist church who were members of the Union.

The members met at the church, and at half past 7 o'clock left for the home of Mr. and Mrs. Jackson, which they invaded a half hour later. They were expected, however, and the remainder of the evening was passed in a most enjoyable manner.

Those present are under many obligations to Mr. and Mrs. Jackson for the pleasures of the evening.

Miss Whetstone Entertains.

At the pleasant home of her mother, Mrs. M. A. Whetstone, 401 East Union street, Tuesday evening, Miss Pearl Whetstone entertained informally a few friends in honor of her charming guests, Misses Helen Farkhill of Monticello, and Blanche Edgerton of Louisburg, N. C.

The nature of the occasion was a millinery party, which was a rather unique idea, affording a great deal of amusement. Messrs. Corbett and Albertson were awarded first honors in the matter of skill.

Delicious refreshments were served during the evening, and at a late hour the guests departed, after having voted Miss Whetstone a most charming hostess.

W. E. Bell of Trenton, one of the jolliest fellows in the West End, spent Tuesday in the city on business, having come in, he said, with a two-horse load of greenbacks to deposit with the Gainesville National. Mr. Bell stated that he had read so much recently about the "financial panic" that he decided to help his friends of the Gainesville National out, so he "dug down" in his loft, secured the service of a team, and came over with the "long green." He had something over $2,000 on, so Bob Medlin said.

We are here to STAY. We want your business. We are young, but active, accurate, able, and courteous.
